"PORCELAIN ENAMEL PAINT"

(REGISTERED TRADEMARK)

Not genuine unless bearing WHITE LABEL and our name.

"The only aseptic Paint made by anybody." When applied in three coats to walls, ceilings, wood, brick, stone or hospital furniture it covers them with a coating of Porcelain. Costs less than tiling and makes a uniform surface without interstices. Cheaper in the long run than paint or varnish enamels.

PORCELINE

(REGISTERED TRADEMARK)

Not genuine unless bearing RED LABEL and our name.

"The highest grade Varnish Enamel in the market." Is more durable than its imitations; but being made from varnish (of our own manufacture) it cannot be expected to be, and is NOT ASEPTIC. It is cheaper and more easily applied than "Porcelain Enamel Paint," and is therefore given preference by painters and dealers.

RINALD BROS. O. & I. SCOTCH ENAMEL

More durable on exterior and interior than white lead and of better body. Two coats of O. & I. Scotch Enamel will do the work of three coats of white lead.

ANTIKAMNIA PREPARATIONS

REGISTERED U.S. PATENT OFFICE.

ANTIKAMNIA TABLETS

FIVE GRAINS EACH.

Particularly useful in all Headaches, La Grippe, Neuralgias, Toothache and pain about the teeth, and also in all pain due to suppressed or irregular menstruation.

ANTIKAMNIA & CODEINE TABLETS

(4¾ gr. Antikamnia, ¼ gr. Sulph. Codeine)

ONE SIZE ONLY.

This tablet presents a most meritorious combination, especially useful in affections of the respiratory tract, neuroses of the larynx, la grippe, influenza, etc.

ANTIKAMNIA & HEROIN TABLETS

(5 gr. Antikamnia, 1-12 gr. Heroin Hydrochloride)

ONE SIZE ONLY.

Have no equal in relieving Coughs, Bronchitis, Laryngitis, Pneumonia, Whooping Cough, Phthisis, Asthma and all Respiratory Affections. Expectoration rendered easy without untoward after-affect.

ANTIKAMNIA & QUININE TABLETS

(2½ gr. Antikamnia, 2½ gr. Bisulph. Quinine)

ONE SIZE ONLY.

The therapeutic action of Antikamnia and Quinine is so well understood that the practical uses of this tablet are apparent at once. The Antikamnia prevents the ebriety and ringing sensation produced by Quinine alone.

ANTIKAMNIA & SALOL TABLETS

(2½ gr. Antikamnia, 2½ gr. Salol)

ONE SIZE ONLY.

Hare says: "Salol renders the intestinal canal antiseptic and is the most valued drug in the intestinal affections." Hence this tablet is very useful in Dysentery, Indigestion, Cholera Morbus, Diarrhœa, Colic, and all conditions due to intestinal fermentation. Excellent in all Rheumatic and Gouty conditions.

ANTIKAMNIA, QUININE & SALOL TABLETS

(2 gr. Antikamnia, 2 gr. Bisulph. Quinine, 1 gr. Salol)

ONE SIZE ONLY.

Indicated whenever it is desired to relieve pain, administer an antiseptic, and give a tonic in Grippal, Malarial or Rheumatic conditions.

FREEDOM FOR SLAVES TO DRINK.

Bring us the worst cases of Alcoholism you can find, the victim being in delirium tremens, if you please, and we will destroy his craving for Alcohol in from 12 to 48 hours. We will have him eating and sleeping naturally in from three to five days, and in a few days more will have his nervous system restored to its normal condition. He will never, because of the craving, begin to drink again. The patient is not placed under restraint.

The Oppenheimer Treatment for Alcoholism

Treatment established fifteen years. No suffering. No injections. No detention from business. No bad after effects. All drug addictions also successfully treated at New York. Endorsed by a special committee of the Legislature of New York in May, 1905.

CYRUS EDSON, M. D., formerly Health Commissioner of the Port of New York, wrote:

"I have had a pretty extensive experience with the Oppenheimer treatment, having witnessed its effect in perhaps fifty cases. I consider it of very great value, and have yet to see anything but good resulting therefrom. I have noticed no such secondary results as are frequently seen after other so-called 'cures.' In fact, patients feel better and stronger than before in every way. The treatment seems to act as a general restorative and as a tonic while absolutely removing desire for the stimulant, either drug or alcoholic."

REPRESENTATIVE PHYSICIANS in each city of the United States administer the Oppenheimer Treatment. Write for the name and address of the physician in your locality. The work of the institute is conducted in full accord with the principles of medical ethics.

DOCTOR, PROTECT YOUR PRACTICE

Every thinking, progressive physician acknowledges the superiority of the Accurate, Dependable and Scientific Active Principles over the Uncertain, Haphazard and Crude Galenicals which so easily lend themselves to self-medication on the part of your patients. In all these points do the Abbott Alkaloidal Granules and Tablets of the active principles excell!

THEIR UNIFORMITY IS STANDARD
THEIR PALATABILITY IS INCOMPARABLE
THEIR ACCURACY IS UNQUESTIONABLE
THEIR EFFECT IS QUICK AND CERTAIN
THEIR ABSORBABILITY IS RAPID
THEIR PERMANENCY IS POSITIVE
THEIR SOLUBILITY IS COMPLETE
THEIR PORTABILIY IS COMPACT AND EASY

We make it our business to secure or make the best preparations which it is possible to obtain, to secure or make these always of exactly the same strength, and to put them up and out always in exactly the same way, and that is why "Abbott Quality" is dependable, always the same. There are none just as good. Goods furnished directly from our laboratories to the doctor or through the trade. When prescribing specify "Abbott." All jobbers and leading retailers are supplied. INDOOR HUMIDITY

From an Editorial in the Journal of the American Medical Association, November 19, 1904, Page 1557.

"The increase of catarrhal and other diseases in the winter time, including pneumonia, may be ascribed in some measure to the difference in the humidity between indoor and outdoor air. Not only is the dryness of the air conducive to hyperactivity of the glandular structures, but the passing from dry indoor air to moist outdoor air, and vice versa, is a severe strain on the mucous membranes. These facts are of great importance to the physician. For him to regulate the ventilating and heating apparatus of his patients' homes will be a tremendous task, and yet many affections can not be controlled until this important aid to health is properly looked after."

THE GEETZY (TRADE MARK REGISTERED) Indoor Air Moistener

has been constructed to assist the physician in this "tremendous task." It maintains from 50 to 60 per cent of moisture in the air of the room in which it is operated according to instructions. With this amount of indoor humidity a room is more comfortable and more healthful at a temperature of 65 to 68 degrees than is one with only 30 per cent of moisture and a temperature of 75 degrees.

FORMOZONE

will prevent foul odors and "stuffy" smells when evaporated in Geetzy Indoor Air Moistener in a room, making it clean and wholesome, and imparting the balmy freshness of a June morning to the indoor air.

Descriptive and Illustrated pamphlet mailed on request.

The Purifier is a combination of formaldehyde gas (CH_2O) and ozone (O_3) generated from certain ozoniferous and ozonigenic oils.

SYNOPSIS OF CONTENTS.

The ninth revised edition of Polk's Medical Register and Directory of North America contains 3166 pages.

The first 200 pages are devoted to general miscellaneous information and embrace: National and Inter-State Associations and Societies Relating to Medicine and Surgery; the Army Medical Museum at Washington; the U. S. Naval Medical School at Washington; Officers of the Medical Department of the U. S. Army; Medical Corps of the Navy of the United States; U. S. Marine Hospital Service; U. S. Indian Service; Roster of Examining Surgeons appointed under authority of the Commissioner of Pensions; Existing and Extinct Medical Colleges of North America; Auxiliary and Post-Graduate Institutions and Courses; Medical Journals in North America; Medical Libraries and Medical Departments in General Libraries; Therapeutic Classification of American Health Resorts by Guy Hinsdale, M. D., etc.

Pages 201 to 2288 contain the List of Physicians and Surgeons, or Directory proper, arranged by location, giving postoffice address, with population, the school practiced, date and college of graduation, etc. At the commencement of the list for each State, territory or province is a descriptive article embodying such matters as location, boundaries, latitude and longitude, extent in miles and acres, statistics regarding climate, population, etc., followed by list of Medical Colleges, State Board of Health, State Board of Medical Examiners, Health Officers at Principal Points, Hospitals, Sanitariums, Dispensaries, Penal, Reformatory and Charitable State Institutions, Medical Societies, Mineral Springs, and the law regulating the practice of medicine.

This is followed by the Supplement (pages 2289 to 2320F), which contains names of physicians received too late for compilation in their respective locations, also changes in information, removals, and items of miscellaneous information regarding Medical Institutions, Societies, etc., received too late for insertion in their proper place in the work.

Pages 2321 to 2930 contain the Index to Physicians in the United States arranged alphabetically, where reference is made to the page on which each name appears with address and full medical record.

The Index to the Supplement commences on page 2320G, where the page on which each name appears in same is indicated.

The work is supplemented by a Classified Business and Physicians' Supply Department, embracing a list of the leading firms in North America engaged in the manufacture and sale of goods pertaining to the profession of medicine. Each class is embraced in one list and arranged by location and cities or towns.

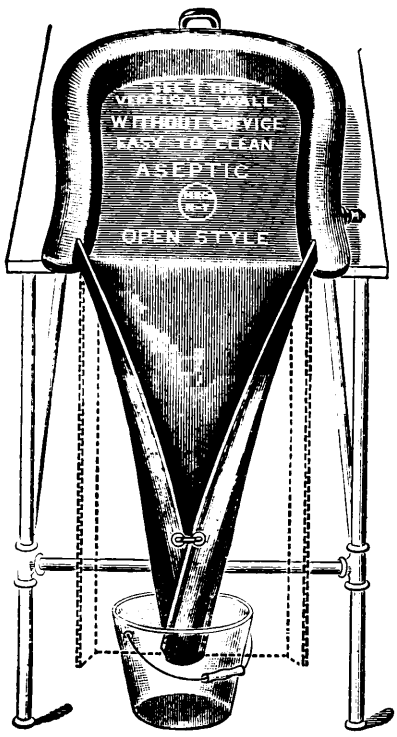
NOTE.—Special attention is called to the fact that the asterisk (*), meaning "no report received in answer to inquiry regarding graduation," does not at all imply that the physician after whose name it appears is a non-graduate. Doubtless the names of some are so inserted who are graduates and prominent in their profession; in such cases the publishers found it impossible to secure the desired graduation data before going to press.

The Publishers invite friendly criticisms of the "Register," and will be glad to receive notice of errors or omissions, also of deaths and changes of address.

For Errata see Supplement, pages 2289 to 2320F; also Index to same, page 2320G.

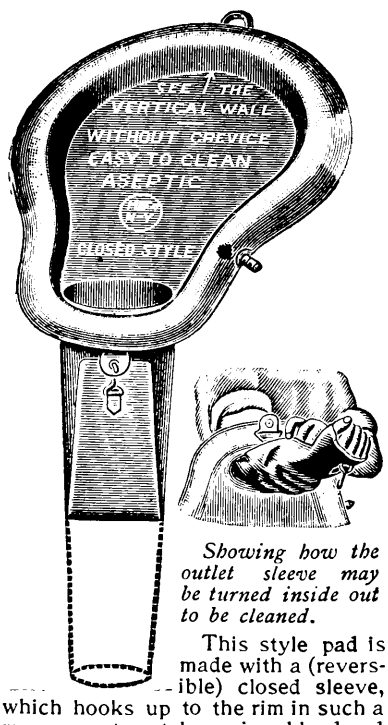
ADVANCED SPECIALTIES FOR SICKROOM & HOSPITAL

Meinecke & Co.'s Aseptic Operating Pads



Pat. June 14 and 21, 1904,
Also patented in
Great Britain, Germany and France.

THE ONLY PERFECT KELLY PADS



Showing how the outlet sleeve may be turned inside out to be cleaned.

This style pad is made with a (reversible) closed sleeve, which hooks up to the rim in such a manner as to catch amnion, blood and placenta, which collected in this pocket can be transported to the bathroom, weighed and inspected, without the use of any other vessel.

READ WHAT DR. KELLY, THE ORIGINAL INVENTOR OF THE "KELLY PAD," SAYS OF THEM:

Baltimore, Md., December 31, 1903.

MEINECKE & COMPANY:

Gentlemen:—Sometime ago your new Aseptic Operating Pad was received, which is now used in my operating room with much satisfaction. It is a great improvement over any other pad that has as yet been put upon the market. The absence of crevices, which catch dirt and lodge infection, makes it practically a perfect pad.

I trust it will be as widely appreciated as it deserves.

Yours truly,

Howard A. Kelly

AMERICAN MEDICAL ASSOCIATION.

CONSTITUTION.

Article I.—Title. The name and title of this organization shall be The American Medical Association.

Article II.—Object. The object of this Association shall be to promote the science and art of medicine. Contributing to this end, the Association shall endeavor to unite into one compact organization the medical profession of the United States for the purpose of fostering the growth and the diffusion of medical knowledge, of promoting friendly intercourse among American physicians, of safeguarding the material interests of the medical profession, of elevating the standard of medical education, of securing the enactment and the enforcement of just medical laws, of enlightening and directing public opinion in regard to the broad problems of hygiene, and of representing to the world the practical accomplishments of scientific medicine.

Article III.—Membership. The membership of this Association shall consist of such members of the Constituent Associations and of such medical officers of the Army, of the Navy and of the U. S. Public Health and Marine-Hospital Service, as shall make application in accordance with the by-laws hereinafter provided.

Article IV.—Constituent Associations. Those State and Territorial Medical Associations which have, or which hereafter may, become organized in accordance with the general plan of organization of the American Medical Association, and which have declared by resolution their allegiance to the said American Medical Association, and which shall agree with other State and Territorial Medical Associations to the formation and the perpetuation of the House of Delegates of the American Medical Association shall be recognized as Constituent Associations.

Article V.—House of Delegates. § 1.—There shall be a business body known as the House of Delegates of the American Medical Association. It shall consist of delegates elected by the Constituent Associations, by the scientific sections of the American Medical Association, from the medical departments of the Army and of the Navy, and from the U. S. Public Health and Marine-Hospital Service, in accordance with the by-laws hereinafter provided. It shall represent the delegated powers of the members of the American Medical Association, and shall be the national representative body of the Constituent Associations. It shall elect the general officers of the Association and a board of nine trustees, and shall transact all the general business of the Association of a public, professional, scientific or other nature that is not otherwise provided for. The trustees shall be members of the House of Delegates without the right to vote.

§ 2.—Number. The total voting membership of the House of Delegates shall not exceed 150. The medical departments of the Army and of the Navy, and the U. S. Public Health and Marine-Hospital Service and the scientific sections shall each be entitled to one delegate, and the remainder shall be apportioned among the Constituent Associations in proportion to their actual active membership as hereinafter provided in the By-Laws.

Article VI.—Sections. In order to systematize the scientific work of this Association, there shall be formed sections, each of which shall be devoted to one of the recognized branches into which the science and art of medicine are for convenience divided. New sections may be created or existing sections discontinued by the House of Delegates.

Article VII.—Branches. The House of Delegates may create such branch organizations as may be deemed essential to promote the welfare of the medical profession.

Article VIII.—Annual Sessions. The Association shall hold an annual session at a time and place to be fixed by the House of Delegates.

Article IX.—Officers. § 1.—The general officers of this Association shall be a president, four vice-presidents, a general secretary, and a treasurer.

§ 2.—These officers shall be elected annually by the House of Delegates, to serve for one year, or until their successors are elected and installed.

§ 3.—No member of the House of Delegates shall be eligible to the office of president or vice-president.

Article X.—Board of Trustees. § 1.—The Board of Trustees shall have charge of the property and of the financial affairs of the Association.

§ 2.—Three trustees shall be elected annually by the House of Delegates, each to serve for a period of three years.

Article XI.—Funds. Funds shall be raised by an equal assessment of not more than ten dollars annually on each of the members; from the Association's publications, and in any other manner approved by the Board of Trustees. Funds may be appropriated by the Board of Trustees to defray the necessary expenses of the Association; to enable standing committees to fulfill their respective duties and to conduct their correspondence; to encourage scientific investigations by the giving of prizes and awards of merit; to carry on its publications, and for any other purpose approved by the Board of Trustees or recommended by the House of Delegates.

Article XII.—Amendments. The House of Delegates may amend any article of this Constitution at any annual session, provided the proposed amendment shall not be acted on until the annual session next following that at which it was introduced, and provided that three-fourths of the voting members registered at the session at which action is taken vote in favor of such change or amendment.

Next annual meeting June, 1906, at Boston, Mass.

AMERICAN MEDICAL UNION.

Organized August 9, 1899.

Constitution, etc.—The following preamble and Constitution were adopted, at a meeting held in the office of Dr. A. C. Cowperthwaite, Marshall Field Building, Chicago, August 9, 1899, and signed by twenty charter members:

Preamble.—Recognizing the profession of medicine as one of the most honorable and useful of human vocations, we regard it our duty as physicians to be earnestly devoted to the best and highest interests of our profession.

And recognizing the science of healing as a progressive science, and that while sectarian prejudice retards, liberality and freedom promotes progress. We therefore unite together in a medical organization to be known as The American Medical Union.

The objects of this organization are: First, to promote fraternal sympathy and practical co-operation among physicians of all schools with a view to general progress in medicine. Second, to protect the natural and legal rights of its members from oppressive and unjust statutes in the various States and to secure the repeal of all medical statutes based on the principles of despotic paternalism, and secure the enactment of laws which shall be liberal and just, and therefore in accord with the fundamental principles of our republic.

Article III.—Membership. Members of this Union are of two classes. 1. Physicians in good standing and in regular practice, or who are qualified and desire to begin the practice of medicine. 2. Students of medicine or other persons of good character, who sympathize with the objects of the Union, may become associate members.

AMERICAN CONFEDERATION OF RECIPROCATING EXAMINING AND LICENSING MEDICAL BOARDS.

(District of Columbia, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, Nevada, New Mexico, Ohio, Oklahoma, South Carolina, Vermont, Virginia, Wisconsin and Wyoming.)

Organized in 1903.

The following propositions have been agreed to as a basis for reciprocal medical registration:

(a) That as a prerequisite to reciprocal registration, the applicant therefor shall file in the office of the board of the state of which he is a licentiate such evidence as will enable the said board to certify that he is of good moral and professional character. Such certificate shall be filed with his application for reciprocal registration in another state.

(b) That a certificate showing that an examination has been made by the proper board of any state, on which an average grade of not less than 75 per cent was awarded, the holder thereof having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in the state where reciprocal registration is sought, may be accepted, in lieu of examination, as evidence of qualification. Provided, that in case the scope of the said examination was less than that prescribed by the state in which registration is sought, the applicant may be required to submit to a supplemental examination by the board thereof in such subjects as have not been covered.

(c) That a certificate of registration, or license issued by the proper board of any state, may be accepted as evidence of qualification for reciprocal registration in any other state. Provided, that the holder thereof was, at the time of such registration, the legal possessor of a diploma issued by a medical college in good standing in the state in which reciprocal registration is sought, and that the date thereof was prior to the legal requirement of the examination test in such state.

REQUIREMENTS FOR ADMISSION TO THE MEDICAL COURSE.

Section 1. Every college holding membership in this association shall demand of each student, under the condition hereafter stated, as a minimum requirement for admission to the medical course:

(a) A bachelor's degree from an approved college or university.

(b) A diploma from an accredited high school, normal school, or academy requiring for admission evidence of the completion of an eight-year course in primary and intermediate grades, and for graduation not less than four years of study embracing not less than two years (4 points) of foreign language, of which one must be Latin, two years (4 points) of mathematics, two years (4 points) of

English, one year (2 points) of history, two years (4 points) of laboratory science, and six years (12 points) of further credit in language, literature, history or science.

(c) An examination in the following branches: A. Required (18 points): Mathematics (4 points); English (4 points); history (2 points); language (4 points—2 must be Latin); science (taken from physics, chemistry, botany, zoology, 4 points). B. Opional (to 12 points): English (2 points); history (6 points); language (6 points); manual training (2 points); mechanical drawing (1 point); natural science (botany, zoology; 2 points); physical science (chemistry, physics; 2 points); trigonometry (1 point); astronomy (1); civics (1); geology (1); physical geography (1); physiology and hygiene (1); political economy (1)—not more than 3 points accepted.

(One point in any subject in a high school or academic course demands not less than five periods per week of forty-five minutes each for eighteen weeks.)

(d) Certificates from reputable instructors recognized by the superintendents hereinafter to be mentioned, or by any state board of medical examiners duly authorized by law, may be accepted in lieu of any part of this examination.

Section 2. This examination must be conducted by or under the authority of the superintendent of public instruction of the city or state in which the college is located or by boards of examination and registration legally authorized. In no case shall it be conducted by any person connected with the faculty, medical or otherwise, of the institution to which the student is seeking admission.

Section 3. A student may be allowed to enter on his medical work conditioned in not more than six points, and these conditions must be removed by satisfactory examination before he is allowed to enter on the second year of his medical course.

Section 4. Colleges in membership in this association may honor the official credentials presented by students from other colleges having the standard requirements maintained by members of this association, excepting for the fourth year of their course, but no member of this association shall admit a student to advanced standing without first communicating with the college from which such student desires to withdraw, and receiving from the dean of such college a direct written communication certifying to the applicant's professional and moral qualifications, and to the exact work he has done in said college.

Section 5. Candidates for the degree of Doctor of Medicine shall have attended four courses of study in four calendar years, each annual course to have been of not less than thirty teaching weeks' duration, and at least ten months shall intervene between the beginning of the preceding course.

Section 6. Time credits may be given to students who have the necessary entrance requirements, and who are graduates or students of colleges of Homœopathic or Eclectic medicine, for such courses of instruction of the required duration as they have successfully fulfilled, excepting in the course of the fourth year, provided they pass satisfactorily examination in materia medica and therapeutics. Credit may be given to the holder of a Bachelor's degree from an approved college or university for any work in the medical branches which he has successfully completed in his college course, only so far as it is the full equivalent of corresponding work in the medical curriculum. The holder of such Bachelor's degree may also be given time credits of not exceeding one year, provided that such student has had at least 40 hours in physics, 144 hours in chemistry, 24 hours in osteology, 292 hours in human or comparative anatomy, 124 hours in histology, 85 hours in embryology, 145 hours in physiology and 46 hours in materia medica; provided the applicant for such time credits satisfies the examiners that his studies for which the degree was conferred include the above requirements. Such students may be allowed to complete a course for the medical degree in not less than thirty-one months, provided he completes the remainder of the medical curriculum in that time.

Section 7. A college which gives less than a four years' course of study, but does not graduate students, and is possessed of other required qualifications, may be admitted to membership.

Section 8. Each student shall be obliged to attend 80 per cent. of the exercises in every course of study for which he seeks credit. No student shall be given credit on examination unless he attains a grade of 70 per cent or its equivalent in any other marking system, and no student shall be graduated unless he shall have attained a passing grade in each and all subjects of the required curriculum.

ASSOCIATION CURRICULUM.

Section 1. The entire course of four years shall consist of at least 4,000 hours, divided into the subjects as shown in the following table, and no college shall be recognized that falls below this standard over 20 per cent. in any one branch or over 10 per cent. in the total. Laboratory or clinic hours may be substituted for didactic hours.

NATIONAL CONFEDERATION OF ECLECTIC MEDICAL COLLEGES.

(American Medical College, St. Louis, Mo.; Bennett College of Eclectic Medicine and Surgery, Chicago, Ill.; California Medical College, San Francisco, Cal.; Eclectic Medical College of the City of New York, New York, N. Y.; Eclectic Medical Institute, Cincinnati, O.; Eclectic Medical University, Kansas City, Mo.; Georgia College of Eclectic Medicine and Surgery, Atlanta, Ga.; Lincoln Medical College, Lincoln, Neb.)

The object of this Confederation shall be to maintain organized co-operation between the Eclectic Medical Colleges recognized by the National Eclectic Medical Association; for the purpose of promoting the mutual interests of said colleges, establishing uniform minimum requirements and curriculum and furthering the cause of higher medical education.

MINIMUM REQUIREMENTS.

1. Preliminary Requirements.—Creditable certificate of good moral character. Good English education, to be attested by (a) first grade teacher's certificate; or (b) a diploma from a graded high school or literary or scientific college or university; or (c) regents' medical student's certificate; or (d) entrance examination covering a good English education, including an elementary knowledge of natural history, physics and Latin.

2. Advanced Standing.—Graduates from pharmaceutical, dental and veterinary colleges may be allowed one year's time on a four-year medical course, only on condition that they comply with the entrance requirements, and pass all examinations and perform all laboratory work embraced in the course of study of the Freshman year. One year's advanced standing may be given students with degrees from a recognized literary college.

3. Course of Instruction.—The course of instruction shall consist of a four-year graded course or its equivalent, as herein prescribed, including four sessions of six months each in four different calendar years. The following graded course is recommended:

Branches in the Freshman Year—Anatomy, dissection, osteology, chemistry, physiology, histology, materia medica and pharmacy. Examinations to be held on all first year's studies and may be final in chemistry, osteology, histology and pharmacy.

Branches in the Sophomore Year—Anatomy, dissection, toxicology, physiology, pathology, bacteriology, materia medica and therapeutics, physical diagnosis, hygiene, minor surgery and bandaging and materia medica.

Branches in the Junior Year—Practice and principles of medicine, therapeutics, diseases of children, surgical anatomy and operations upon cadaver, the principles and practice of surgery, gynecology, obstetrics, electro-therapeutics, medical jurisprudence. Examinations in all third year studies, and final in therapeutics, surgical anatomy and electro-therapeutics.

Branches in the Senior Year—Principles and practice of medicine; diseases of children; principles and practice of surgery; gynecology, obstetrics; diseases of the eye and ear, nose and throat; venereal diseases and dermatology, medical jurisprudence.

In addition to the above branches, the students in the junior and senior year are required to attend clinics and autopsies and do practical laboratory work in medical diagnosis.

4. Attendance and Examinations.—Regular attendance during the entire lecture course is required; allowance for absence to be made only when occasioned by the student's sickness; such absence not to exceed twenty (20) per centum of the course.

Regular examinations or quizzes to be made by each professor or lecturer from time to time during the term.

Final examinations on the branches held, to be conducted by competent examiners.

Each student shall have dissected the lateral half of the cadaver. The dissections to be in two separate years.

Attendance upon clinical and hospital instruction, and instruction at autopsies.

5. Requirements for Graduation.—Attainment of 21 years of age.

Creditable certificate of good moral character and good conduct while in college.

Attendance on four courses of medical lectures of six months each in different years.

Regular attendance during the course of lectures, clinics and quizzes.

Satisfactory examination in all branches, with a rating of not less than seventy-five (75) per centum average.

Attendance on two courses of lectures on anatomy and the dissection of a lateral half of the cadaver.

Note.—The foregoing are the minimum requirements of colleges belonging to the Confederation; most of the colleges require more than the foregoing.

NATIONAL VOLUNTEER EMERGENCY SERVICE MEDICAL CORPS.

(Temporary office, 225 W. 106th st., New York City.)

A volunteer military medical organization. The Field Service Corps is composed of civilians from the various walks of life, medical students, nurses, phar-

macists, physicians, and ex-army, navy and national guard medical officers, who act respectively as privates of the hospital corps, nurses, hospital stewards, assistant surgeons, surgeons, line officers, etc. Enrollment in this branch does not entail leaving usual occupation. Same system as national guard and state militia prevails. The corps is modeled somewhat after the Volunteer Medical Staff Corps and St. John's Ambulance Corps of England. On a strictly military basis with a full complement of line officers, commissioned and non-commissioned officers, chaplains, sanitary engineers, trumpeters, artificers, teamsters, wagoners, cooks, etc. With its independent adjutant, paymasters, judge advocate, purveyors, quartermasters, commissary and inspector-general departments, and will be permanently organized in every city of the Union on the same basis and bear the same relation to the community in protecting the health and life of the people as does the national guard and state militia in guarding the property of the citizen.

Lectures and instruction are given by the division, company and squad medical officers; this course of instruction includes, in addition to the ordinary drills and training of an infantry corps (given by the line officer in command of a company), special training in stretcher and ambulance drill, application of splints, bandages, etc., transportation of the wounded, common means employed for the urgent relief of sick or injured; care of contagious and infectious diseases, etc.

The chartered objects of the corps are: "To render medical or other aid and relief to the community in event of pestilence, catastrophe, war, etc., by maintaining an equipped service corps, to anticipate, prepare and execute sanitary measures with the concurrence of health authorities, which will insure the health and safety of life and limb of the people. To render aid to injured, transport sick and injured to place of succor, to provide food, medical relief, medicines and temporary shelter to victims of calamities, etc., as exigencies may require. To encourage the reading and discussion of papers on subjects pertaining to sanitary, medical, climatological, military, hygienic and public health matters, and to place equipment and service at the disposal of civic and military authorities of national or state government, subject to requisition on call."

ARMY MEDICAL MUSEUM AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887 from the building formerly known as Ford's Theater (Nos. 509 and 511 10th st. n. w.), and now occupies a portion of the building erected for it at the northwest corner of 7th and B streets s. w., east of the National Museum. The rest of the building is occupied by the library of the Surgeon-General's office, a portion of the Record and Pension Division of the War Department, and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure permanent preservation in connection with the names of the donors.

According to the report of the Surgeon-General for the fiscal year terminating June 30, 1899, the museum contained 35,039 specimens. The collection is open to visitors daily from 9 a. m. to 4 p. m.

It is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. The other departments, though not equal to some of the wealthy and long-established museums of Europe, are nevertheless by far the most important in America, and are annually increasing in extent and value.

The library is the largest and most valuable medical library in the United States and the third largest in the world. According to the Surgeon-General's latest report, it contains about 140,539 volumes and 236,728 pamphlets and is steadily increasing. Medical men from any part of the country desirous of consulting the works in this library are courteously welcomed and granted free access.

The Curator of the Museum is Lieut. James Carroll, Assistant Surgeon U. S. A., and the library is in the immediate charge of Major W. D. McCaw, Surgeon U. S. A. Colonel C. L. Heizmann, Assistant Surgeon-General, is in charge of the whole, which is known as the Museum and Library Division of the Surgeon-General's Office.

CIRCULAR FOR THE INFORMATION OF PERSONS DESIRING TO ENTER THE MEDICAL CORPS OF THE UNITED STATES NAVY.

A candidate for examination and appointment in the Medical Corps of the Navy must be a citizen of the United States between twenty-one and thirty years of age, and must apply to the Honorable Secretary of the Navy for permission to appear before a Naval Medical Examining Board.

The application must be in the handwriting of the applicant, stating age and place of birth; also the place and State of which he is a permanent resident, and must be accompanied by letters or certificates from two or more persons of repute, testifying from personal knowledge to his good habits and moral character, and that he is a citizen of the United States.

FORM OF APPLICATION.

.....

.....190..

Sir—I request permission to be examined for an appointment as Assistant Surgeon in the United States Navy.

I was born at ....., and ..... years of age on the ..... day of ....., 190.., and am a citizen of the United States, residing in ....., county of ....., in the State of .....

I inclose herewith certificates as to moral character, habits, and citizenship.

Very respectfully, ...

The Honorable Secretary of the Navy, Navy Department, Washington, D. C.

If, in reply to the above, the candidate receive a permit, he will notify the president of the Naval Medical Examining Board at the U. S. Naval Medical School, Washington, D. C., or at the U. S. Naval Hospital, Mare Island, Cal., the only places where the examinations are held, stating approximately the time at which he desires to be examined and requesting that a date be fixed for his examination.

THE EXAMINATION.

When a candidate presents himself for examination on the date fixed by the president of the Board, he must bring with him testimonials as to character and professional fitness, diplomas, and a certificate that he is a citizen of the United States.

While it is not essential, it is desirable that candidates should be graduates in medicine and should have had hospital experience or at least a year's practice in their profession.

The examination usually occupies about nine days, and is conducted in the following order:

I.—Physical. II.—Professional. III.—Collateral.

I.—PHYSICAL EXAMINATION.

The physical examination is thorough, and the candidate is required to certify, on oath, that he is free from all mental, physical and constitutional defects.

Acuteness of vision, 12/20 for each eye, unaided by glasses, but capable of correction, by aid of lenses, to 20/20, is obligatory. Color perception must be normal and the teeth good.

If the candidate is found to be physically disqualified his examination is concluded; if found to be physically qualified his examination is continued as follows:

(1) Letter to the Board describing in detail his general and professional education.

II.—PROFESSIONAL EXAMINATION.

	Written questions.	Percentages required.
Anatomy (2) and physiology (1)	3	80
Surgery	3	80
Medicine	3	80
Pathology (1) and microscopy (1)	2	70
Obstetrics (1) and medical jurisprudence (1)	2	60
Materia medica and physiological action of drugs	2	80
Chemistry (2) and physics (1)	3	60
Hygiene (1) and quarantine (1)	2	80
General aptitude		80
Literary and scientific branches		80
Required aggregate		750

Bandaging; tourniquets; four operations on cadaver; clinical cases (a written report being made in one case giving history, diagnosis, prognosis, treatment, one prescription, at least, being written out in full, in Latin); urnalysis (chemical and microscopical examination of one specimen of urine); practical microscopy, and recognition of five mounted specimens (histological, pathological and bacteriological); recognition of surgical instruments.

ORAL EXAMINATION.

This follows the written work in each branch and the required percentage is made up from the combined results of the written and the oral examinations.

The percentages given are not absolute, however, as losses in some branches may be made good in others, provided the standard is reached in the cardinal subjects of anatomy, physiology, medicine, and surgery.

III.—COLLATERAL EXAMINATION.

This embraces spelling, punctuation, the use of capital letters, grammar, arithmetic, geography (descriptive and physical), languages, history, general literature, elementary botany, geology, and zoology.

While due credit is given for a knowledge of languages and the sciences it is not essential except in the case of physics. A knowledge of the common school branches is essential, and deficiency in this respect will cause rejection even though passing marks may be gained in professional subjects.

The Boards are required, under oath, to report on the physical, mental, moral, and professional qualifications of the candidate, so that the examinations are necessarily rigid and comprehensive, though simple and practical, and not beyond the attainments of any well-educated physician. The oral and written questions are similar to those asked by the best medical colleges in examinations for graduation.

A successful candidate, upon completion of his examination, will be notified by the president of the Board that he has been found qualified.

With the consent of the Board, a candidate may withdraw at any period from further examination, and may at a future time present himself for re-examination. The Board may conclude the examination (written, oral, and practical) at any time, and may deviate from this general plan as it may deem best for the interests of the naval service.

All successful candidates will receive appointments as soon as qualified and in the order of merit reported by the Board.

The tenure of office in the Medical Corps of the Navy is for life, unless sooner terminated by removal, resignation, disability, or other casualty.

No allowance will be made for the expenses of persons appearing for examination.

The officers of the Medical Corps of the Navy are as follows: Medical directors, medical inspectors, surgeons, passed assistant surgeons, and assistant surgeons.

Vacancies in these grades (by death, or retirement at the age of 62 years) are filled in the order of seniority, and for each promotion a physical and a professional examination is required by law.

Assistant surgeons are examined at the expiration of three years' service for promotion, and if successful become passed assistant surgeons.

VACANCIES.

Through the provisions of a law enacted by the Fifty-seventh Congress, March 3, 1903, the Medical Corps of the Navy was increased 150 numbers; 25 to be

appointed each calendar year for six years. The number of vacancies occurring through retirements, resignations, and casualties average about 10 a year. There are afforded, therefore, for candidates for the position of assistant surgeon about 35 appointments each year for the six years following the above date.

For further information address President Naval Medical Examining Board U. S. Naval Medical School, corner Twenty-third and E streets n. w., Washington D. C., or President Naval Medical Examining Board, U. S. Naval Hospital, Mare Island, Cal.

7. The physical examination of the candidate will be conducted in accordance with the requirements contained in the circular relating to the physical examination of candidates for entrance into the Medical Corps of the Navy, dated "Navy Department, November 17, 1905," a copy of which accompanies this circular.

8. The professional examination of the applicant will be similar to that required of candidates for appointment in the regular service. This embraces the different branches of medicine. The applicant will also be examined on those subjects usually studied at high schools; an equal proficiency in them will, however, not be required as the purpose is to secure men who have sufficient education, general and professional, to enter the regular service after a six months' course of instruction at the Naval Medical School, Washington, D. C.

9. A successful candidate will promptly receive an appointment as vacancies exist, and upon acceptance of appointment will receive pay and be ordered to duty. The rate of annual pay will be $1,400 for shore duty, and for duty on board ship, $1,700.

10. At the beginning of the term of the Naval Medical School, on the 1st of October of each year, all candidates who have been examined and appointed during the previous year as Acting Assistant Surgeons will be ordered to the school for a course of instruction.

11. Upon the completion of such course they will be ordered before the Naval Medical Examining Board at Washington, D. C., for examination for admission as Assistant Surgeons in the Medical Corps of the Navy. An examination for admission as Assistant Surgeon will, however, be allowed at any time, subsequent to appointment as Acting Assistant Surgeon, if the candidate is regarded as prepared for such an examination.

12. Acting Assistant Surgeons who have had the benefits of a course of instruction at the Naval Medical School, and who fail to qualify for admission to the regular service, will have their appointments revoked.

13. No allowance will be made for expenses of candidates undergoing examination.

14. An Acting Assistant Surgeon traveling under orders is allowed eight cents per mile.

CIRCULAR FOR THE INFORMATION OF PERSONS DESIRING TO ENLIST IN THE HOSPITAL CORPS, U. S. NAVY.

I. The Hospital Corps of the Navy consists of the following grades and rates:

(a) Pharmacists; pay of warrant officers:

Period.	At Sea.	On Shore Duty.	On Leave or Waiting Orders.
First three years after date of appointment.....	$1,200.00	$ 900.00	$ 700.00
Second three years after date of appointment....	1,300.00	1,000.00	800.00
Third three years after date of appointment.....	1,400.00	1,300.00	900.00
Fourth three years after date of appointment....	1,600.00	1,300.00	1,000.00
After twelve years from date of appointment.....	1,800.00	1,600.00	1,000.00

(b) Hospital stewards (classified as chief petty officers, special branch), $60 per month.

(c) Hospital apprentices, first class (classified as petty officers, third class, special branch), $30 per month.

(d) Hospital apprentices (classified as seamen, second class, special branch), $20 per month.

II. All applications for enlistment in the Hospital Corps of the Navy must be addressed to the Surgeon-General U. S. Navy, and should be accompanied by suitable testimonials as to character, habits, citizenship, etc.

III. A candidate applying for original enlistment should state concisely: Name in full, date of birth, nativity, citizenship, general education, hospital experience (if any), and whether a graduate of a training school for nurses.

IV. The term of enlistment in the rates of hospital steward, hospital apprentice (first class), and hospital apprentice, is for four years.

V. No allowance will be made for traveling and other expenses attending the examination of applicants.

VI. On original enlistment, applicants for admission into the hospital corps, U. S. Navy, must be between the following mentioned ages:

Hospital stewards .....21 to 30 years
Hospital apprentices (first class).....21 to 28 years
Hospital apprentices .....18 to 25 years

VII. Physical and professional examinations by one or more medical officers will be required for enlistment and promotion in each of the above mentioned grades and rates.

VIII. Appointments in the grade of pharmacist will be made from hospital stewards now in the service, and all future vacancies in said grade will be filled by selection from the list of hospital stewards. The professional examination will be largely a record examination, based upon length of naval service and recommendations of medical officers with whom candidates have served.

IX. Hospital stewards for the present must be between 21 and 30 years of age, but when practicable they will be selected from hospital apprentices (first class), and will be required to pass a satisfactory examination on the following subjects, viz.:

(1) General education: Arithmetic, orthography, writing (legible and grammatical), geography, and history of the United States.

(2) Professional: (a) Materia Medica—the botanical names, preparations, and doses of the drugs recognized by the Pharmacopoeia; (b) pharmacy—the various pharmaceutical processes employed in the manufacture of officinal and official preparations, and the relative proportions of the more important drugs entering into their composition; (c) chemistry—chemical symbols, the formulae of the more important officinal chemicals, and the reactions produced by the combinations of chemicals; (d) toxicology—symptoms, toxic doses, and antidotes of poisons; (e) recognition of crude drugs, making ordinary pharmaceutical preparations, compounding prescriptions, and criticising prescriptions incorrect by reason of pharmaceutical or chemical incompatibility; (f) bandaging, minor surgery, application of splints and of dry and wet cups, and treatment of hemorrhage.

X. Hospital apprentices (first class) must be between 21 and 28 years of age, but when practicable they will be selected from hospital apprentices. Additional vacancies will be filled by enlistment of candidates found qualified.

Candidates will be examined on the following subjects, viz.:

(1) General education: Arithmetic, orthography, writing (legible and grammatical), geography, and history of the United States.

(2) Professional: (a) Clinical notes and preparation of temperature charts; (b) doses of drugs in common use; (c) employment of remedies other than by mouth, as poultices, enemata, counter-irritants, hydrotherapeutic agents, etc.; (d) names and uses of surgical instruments and those employed in clinical diagnosis; (e) preparation of patients for operation, including methods of sterilizing instruments, dressings, etc.; (f) preliminary treatment of the more common cases of poisoning; (g) application of bandages and splints and treatment of hemorrhage; (h) preparation of food for the sick; (i) preparation of beds and adjustment of clothing of patients.

XI. Hospital apprentices must be between 18 and 25 years of age. Candidates will be examined in arithmetic, orthography, writing (legible and grammatical), geography, and history of the United States. Hospital training and a knowledge of nursing will be to the advantage of the applicant.

XII. No person will be enlisted or retained in the Hospital Corps of the Navy who is addicted to the use of intoxicating liquor, or who at any time gives evidence of intemperance.

Note.—Naval pharmacists are not appointed from civil life.

JOHN D. LONG,
Secretary.

January, 1901.

UNITED STATES NAVAL MEDICAL SCHOOL.

The U. S. Naval Medical School is located at 24th and E sts., n. w., Washington, D. C.

The principal work of the school is divided into two terms of instruction; the first, occupying the fall and spring, is designed for the benefit of assistant and acting assistant surgeons, who have been recently commissioned. The course includes the following subjects: (1) Naval hygiene (and so much of military hygiene as is applicable to the naval service); (2) tropical and naval medicine; (3) duties of naval medical officers; (4) general and operative surgery; (5) chemistry; (6) bacteriology; (7) pathology; (8) ophthalmology; (9) hospital corps and transport; (10) naval law; (11) phychiatry. Officers who perfect themselves in these subjects are graduated and ordered to duty at sea.

The stcond term begins with the late spring and is of variable duration. This course is mainly for the benefit of officers of higher rank than those of the first term, and who have been at sea; it is essentially similar to the first, except that more attention is given to practical work.

The school is opened to no one but commissioned officers of the Navy.

The institution has been in operation since 1902, and is well equipped for its special work; the completion of the new naval hospital in the near future will add greatly to the value of the course.

In addition to the regular Naval Medical Examining Board, for entrance into the Navy, boards for the examination of acting assistant surgeons have been ordered to convene at the U. S. Naval Hospitals at Chelsea, Mass., New York, Philadelphia, Mare Island, Cal., and the Naval Medical School, Washington, D. C. Successful candidates will be ordered to the Naval Medical School, Washington, D. C., during the term beginning in October, for the course of instructions, upon completion of which they will be ordered before the Naval Medical Examining Board at Washington, D. C., for examination for admission as assistant surgeons in the Navy.

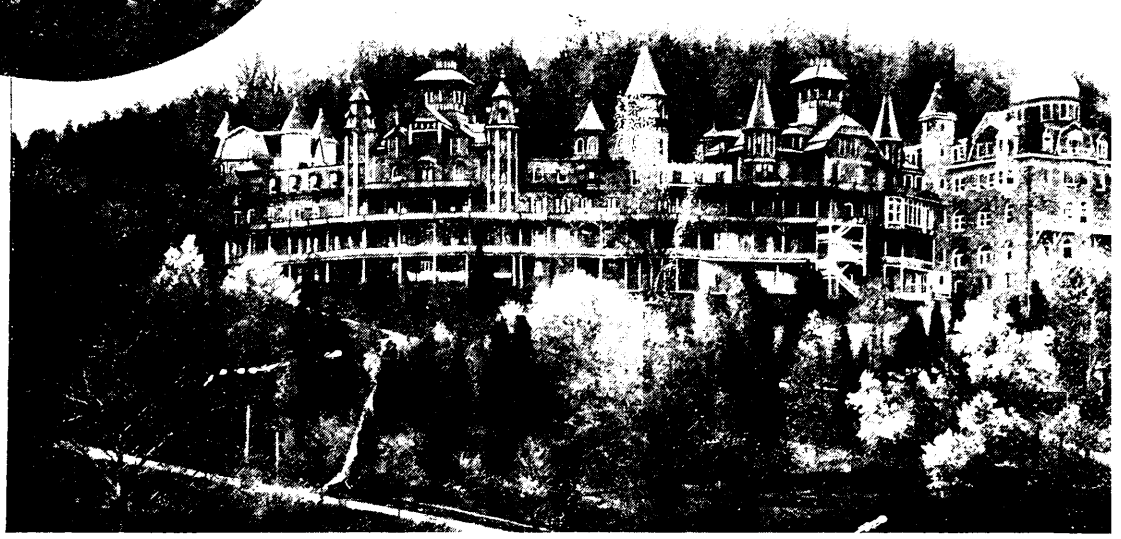
The Walter Sanitarium

Walter's Park, Penn.



The most delightfully located of all Sanitariums.

Ninety-four minutes from Reading Terminal, Philadelphia; four hours from New York, without change—Jersey Central Railroad, foot of Liberty St. Wernersville Station.

On the hillside overlooking one of the most beautiful valleys in the world. Natural Park of 500 acres.

SCENERY often declared by travelers "equal to anything in Europe or America."

AIR pure, dry, bracing. Malaria absolutely unknown among the residents. Mosquitoes equally so. One thousand feet above tide water.

CLIMATE for winter or summer said to be "the finest in the world."

WATER similar to, but (by actual analysis) purer than Poland.

BUILDINGS of granite rock, 320 feet front, 5 stories in height; erected for their present purposes by their present owners and managers to answer their needs as physicians. Heated by steam and open grates. Lighted by electricity (storage battery, steam and electricity always on tap night and day.) Hydraulic elevator. Finished and furnished in excellent style. An extensive patronage of cultivated people.

EXTENSIVE APPLIANCES. Baths, Massage, Electricity, Swedish Movement Cure (operated by steam), Vacuum Treatment, Spinal Stretchings, Vibratory Treatment, Scientific Medication.

Forty years of personal and professional experience with sanatory methods for the cure of human ailments enable us to speak of their value with somewhat of authority.

Excellent livery—standard-bred horses and Shetland ponies. Fine Jersey Dairy. Money Order Post-Office in the Sanitarium. Long Distance Telephone 873, Reading, Pa.

Illustrated catalogue free to any address. All communications should be addressed

ALABAMA.

CAPITAL, MONTGOMERY.

Population of State, 1,828,697.
(U. S. Census of 1900.)
Number of Physicians, 2,261.

Alabama was organized as a territory March 3, 1817, and admitted as a state December 14, 1819. It extends from 30 degrees 12 minutes north latitude to 35 degrees north latitude, a distance of 331 miles; and from 84 degrees 55 minutes to 88 degrees 35 minutes west longitude, a distance of 214 miles, and is in the same latitude as Palestine, Northern Africa, Central China and Southern Japan. It is bounded on the east by Georgia, on the south by Florida and the Gulf of Mexico, on the west by Mississippi and on the north by Tennessee, and comprises an area of 50,722 square miles, or 32,462,080 acres. The climate is warm and semi-tropical. The northern portion is considerably colder than the southern, which is accounted for more by its greater elevation than from its higher latitude. The mean annual temperature is 62.37 degrees as observed at Auburn, which is situated near the geographical center of the State. The mean annual temperature in the valley of the Tennessee river is 60 degrees, and in the extreme south about 69 degrees. The rainfall of the State is quite noteworthy, averaging 63 inches, which is distributed with tolerable regularity throughout the seasons. The mineral springs are famous for their medicinal qualities. The following table shows the increase in population for 80 years:

1820	127,901	1870	996,992
1830	309,527	1880	1,262,205
1840	590,756	1890	1,513,017
1850	771,623	1900	1,828,697
1860	964,201

MEDICAL LAW OF ALABAMA.

AN ACT TO PRESCRIBE THE BRANCHES OF MEDICAL LEARNING UPON WHICH APPLICANTS FOR THE PRIVILEGE OF TREATING DISEASES OF HUMAN BEINGS IN THIS STATE MUST BE EXAMINED, AND TO PROVIDE FOR THE ISSUANCE OF CERTIFICATES OF QUALIFICATION THEREFOR.

Section 1. Be it enacted by the Legislature of Alabama, That any applicant for a certificate of qualification to treat diseases of human beings by any system of treatment whatsoever, shall, according to rules prescribed and standards established by the Medical Association of the State of Alabama, be examined by one of the authorized Boards of Medical Examiners of this State in the following branches of medical learning, to-wit: Chemistry, anatomy, physiology, the etiology, pathology, symptomatology, and diagnosis of diseases; obstetrics and obstetrical operations; gynecology; minor and major surgery, physical diagnosis, hygiene, and medical jurisprudence; and should said applicant be found proficient in said branches of medical learning a certificate of qualification in such form as shall be prescribed by said Medical Association of the State of Alabama shall be issued to him, which shall entitle him to treat any and all diseases of human beings in this State in any manner that he may deem best.

Sec. 2. Be it further enacted, That when an applicant states in writing that he has neither studied nor proposes to practice major surgery, said applicant shall be exempt from examination in said branch of major surgery, and should he be found proficient in the other branches of medical learning named in section one of this act, a certificate of qualification in form to be likewise prescribed by the Medical Association of the State of Alabama shall be issued to him, which shall entitle him to treat all diseases of human beings in this State in such manner as he may deem best, except by the practice of major surgery.

Sec. 3. Be it further enacted, That all laws and parts of laws in so far as they conflict with the provisions of this act, be and the same are hereby repealed.

Approved February 26, 1903.

ALASKA.

CAPITAL, SITKA.

Population of District, 63,592.
(U. S. Census of 1900.)
Number of Physicians, 57.

Alaska was purchased from Russia by the United States in 1867 for $7,200,000 in gold and forms the extreme northwestern portion of the American continent, with a water frontage running from its southern boundary, on Dixon's entrance, washed by the tides of the Pacific ocean, Bering sea and the Arctic ocean, to a point on the latter body at the 141st meridian of longitude. It has a coast line equaling the circumference of the globe, and 7,860 miles greater than the Atlantic seaboard of the United States. The length of this district is more than 2,000 miles; its breadth is over 1,400 miles, and its area is 590,884 square miles. It is twice as large as the state of Texas and twelve times as large as the state of New York. It is bounded on the north by the Arctic ocean; on the east by the British Northwest Territory, along the

141st meridian of longitude, to Mt. St. Elias, near the sixtieth parallel of latitude; thence, generally, along the coast range of mountains to the British Columbia border; and on the south and west by the Pacific ocean and Bering sea.

The climate of Alaska is greatly varied. In the northern section, bordering the Arctic ocean, there is continual ice and snow. It is inhabited by native Eskimos, who live after the manner of their kind. Further south the temperature is more varied, and on the coast it is greatly modified by the influence of the Japan current, the mean winter temperature at Sitka being about 32.5 degrees. Back of the range of mountains, across which the warm winds from the ocean do not blow, the climate is one of extremes, varying, according to locality, from bitter cold in winter to intense heat in summer. Eight months of the year the rivers are practically closed to navigation and communication is had with the outside world by overland trails. The thermometer falls far below zero, varying from 60 degrees and more below, in the northern latitudes, to lesser figures further south. The summer months are short and at times intensely hot, the thermometer often rising to 100 degrees or more. In the south, along the mainland, the long peninsula and the Aleutian islands, the climate is more equable, but remarkable for the precipitation of moisture, resulting in heavy rainfalls and dense fogs. The foregoing weather account is, of course, merely general. Modifications of the statement would be true of many localities, and nothing short of a treatise would embrace them. In general terms, while there is much cold in winter, in the interior, and moisture on the coast, Alaska is not the inhospitable country it was formerly believed to be.

ARIZONA.

CAPITAL, PHOENIX.

Population of Territory, 122,212.
(U. S. Census of 1900.)
Number of Physicians, 239.

Arizona extends from 109 degrees to 114 degrees, 47 minutes, 6½ seconds longitude west of Greenwich, and from 31 degrees, 19 minutes, 24 seconds, to 37 degrees north latitude, and is bounded on the north by Utah and Nevada, on the east by New Mexico, on the west by California and Nevada, and on the south by the Republic of Mexico. It comprises an area of 113,916 square miles, or 72,906,240 acres, or nearly three times the size of New York State.

The territory was organized in 1863.

The climate is salubrious and pleasant, except in the lower sections near the Gila and Rio Colorado, where the summers are excessively hot. The air is singularly clear, tonic and dry and particularly favorable to catarrhal and pulmonary complaints. Rainfalls occur during the months of June, July, August and September. The following table shows the increase of population for 30 years:

1870.....	9,658	1890.....	59,620
1880.....	40,440	1900.....	122,212

MEDICAL LAW OF ARIZONA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE.

Be it enacted by the Legislative Assembly of the Territory of Arizona:

Section 1. That it shall be unlawful for any person to practice medicine within the Territory of Arizona until he or she shall have obtained a license therefor, as hereinafter in this act prescribed.

Sec. 2. No person shall receive a license to practice medicine within the Territory unless he or she shall have:

First. Obtained a diploma to practice medicine, or some department thereof, regularly issued by a medical college, lawfully organized under the laws of the state or territory wherein such college shall have been located at the time of the issuance of such diploma; and,

Second. Obtained a certificate entiting him or her to practice medicine, as prescribed in Section 4, Chapter 1, of Title 53, being paragraph 3529 of the Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in the Territory of Arizona," approved March 18, 1897; or,

Third. Practiced medicine within the Territory of Arizona continuously for five successive years preceding the date fixed for the taking effect of this Act; or,

Fourth. Upon examination by the Board of Medical Examiners of Arizona, shown to the satisfaction of the Board that he or she possesses sufficient knowledge and skill to properly practice medicine; and,

Fifth. Become a bona fide resident of Arizona, and shall have passed the age of twenty-one years and shall have a good moral character.

Sec. 3. There shall be and there is hereby established in Arizona, a board to be known as the "Board of Medical Examiners of Arizona." Said Board shall consist of five members, who shall be nominated and, by and with the consent of the Legislative Council, appointed by the Governor. Such members shall, at the time of their appointment, be each a bona fide citizen of the United States, and have been a resident of the Territory of Arizona for at least three consecutive years continuously next preceding the time of his appointment; and at the time of his appointment shall be and shall have been for at least three consecutive years theretofore actually engaged in the practice of medicine in the Territory of Arizona. The term of office of said members of said Board shall be for five years, except that of the members first appointed under the provisions of this Act, one of whom shall be appointed for one year, one for two years, one for three years, one for four years, and one for five years. Three of the members of said Board shall be physicians of the regular school of medicine, one of the homeopathic school of medicine and one of the eclectic school of medicine. The Board shall upon its organization, and thereafter once in each year, elect one of its members as president and

one of its members as secretary thereof, whose respective terms of office as president and secretary shall be one year. The president shall preside at the meetings of the Board and shall by his signature authenticate all licenses issued under the provisions of this Act. The secretary shall keep the records of the Board, have the custody of its books, papers and seal; shall countersign all licenses issued under the provisions of this Act, and shall act as the treasurer of the Board. Said Board shall make reasonable rules and regulations for the transaction of its business, not inconsistent with law or the purposes and intent of this Act. The Board shall meet in regular session quarter-yearly, at a regularly designated place of meeting, at Phoenix, Arizona, and at such other times as it may from time to time appoint.

Sec. 4. Any person desiring to obtain a license to practice medicine within this Territory shall make application therefor to the Board of Medical Examiners of Arizona. The application shall be in writing and state the name of the applicant, his age, his residence, the name and location of the college whence his diploma issued, the length of time, if at all, he has practiced medicine, and where, giving specifically the places where he has practiced medicine; and the dates between which he practiced at each place, and the particular school and department of medicine he practiced; and contain such other information as may be prescribed by the rules and regulations of the Board. Each application for license shall be verified by the oath of the applicant, taken before some officer authorized by the laws of Arizona to administer oaths. The application shall be accompanied by the diploma of the applicant, or by a copy thereof, authenticated to the satisfaction of the Board. The applicant shall also present with his or her application the affidavits of at least three or more residents of the county and state wherein the applicant formerly resided and practiced medicine, stating, within their own knowledge, the name of the applicant, the length of time they have known him or her, his or her residence, the length of time he or she has resided there, and, if applicant shall have practiced medicine in Arizona, the length of time and place or places where he or she has so practiced, and that the applicant is a person of good moral character. If the applicant shall have received a certificate under the provisions of paragraph 3529, Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by an Act of the Legislative Assembly of the Territory of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in Arizona," approved March 18, 1897; or, if the applicant shall have practiced medicine within the Territory of Arizona continuously for five successive years next preceding the date fixed for the taking effect of this Act, he or she shall present with his or her application proper and satisfactory evidence thereof; the applicant shall at the time of the presentation of his or her application for a license to practice medicine, pay to the secretary of the Board of Medical Examiners the sum of two ($2) dollars. If it shall appear that the applicant has not obtained the certificate mentioned in paragraph 3529, Revised Statutes of Arizona, 1901, or passed the satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in Arizona," approved March 18, 1897, and shall not have practiced medicine within this Territory continuously for five years next preceding the date fixed for the taking effect of this act, then no license shall issue to him or her, until he or she shall have upon examination by the Board, shown to the satisfaction of the Board that the applicant possesses sufficient knowledge and skill to properly practice medicine.

Sec. 5. The examination provided for in the preceding section shall be made by said Board as soon after the application shall have been presented as it may be conveniently done, and after notice to the applicant of the time and place thereof. The examination shall be conducted under such reasonable rules and regulations as the Board may prescribe therefor, and with the design and purpose of ascertaining the fitness of the applicant for the practice of medicine in this Territory.

If the applicant request it he or she shall have the privilege of being examined in the branches of the science and the practice of medicine other than physiology, anatomy, pathology, chemistry, practice, surgery, obstetrics and gynecology, by the member or members of the Board, if there be any, of the particular school of medicine specified in his or her diploma, and if the examination in such other branches be satisfactory to the members or member conducting said examination, it shall be approved by the Board and to the extent thereof be deemed to be to the Board's satisfaction. Before any examination the applicant shall pay to the secretary of the Board, in addition to the fee hereinbefore required, the further fee of ten ($10.00) dollars.

Sec. 6. When it shall be made to appear to the satisfaction of the Board that the applicant possesses the qualifications in this Act prescribed to fit him or her to practice medicine in this Territory, and that he or she has complied with the provisions of this Act, a license shall thereupon issue to the applicant. The license shall be signed by the president and countersigned by the secretary of the Board, and have impressed upon it the seal adopted by the Board. It shall recite that the person therein named has complied with the provisions of this Act, and that he or she is entitled to practice medicine in the Territory of Arizona, and shall be in such form as the Board may adopt.

Sec. 7. Upon proper proof to the Board of Medical Examiners of Arizona that the holder of any license issued under the provisions of this Act has been guilty, since the issuance thereof, of any grossly immoral or unprofessional conduct, or of any other conduct rendering him or her unfit to practice medicine in this Territory, or has been convicted of any felony, said Board shall, after due notice to such holder and full opportunity to him or her to defend against or refute such charges, revoke and cancel such license, and it shall thereafter be unlawful for such person to practice medicine in this Territory until he or she shall again be licensed thereto under the provisions of this Act.

Sec. 8. The members of the Board of Medical Examiners of Arizona shall receive for their compensation and reimbursement of all expense incurred by the Board or its members in the discharge of the duties imposed by this Act, the fees paid by the applicants for license and examination, the same to be apportioned and applied by the Board.

44 and 46 Broadway, NEW YORK. (SEE PAGE 10.) LUMBER STOCKS A SPECIALTY. Stocks, Grain and Cotton.

Sec. 9. The secretary of the Board shall keep a register of those to whom license to practice shall be issued under the provisions of this Act. Such record shall be kept in a substantially bound book, in which shall be entered in alphabetical order the name of licensees, their place of business, the date of issuance of license, and such other memoranda as the Board may direct. The secretary shall also keep a proper and accurate account of all moneys received and disbursed by him. He shall also properly endorse, file and safely keep all applications for license and accompanying papers, and papers used in the examination of applicants for license, and turn over all said books and papers to his successor in office.

Sec. 10. Any person shall be regarded as practicing medicine within the meaning of this Act who shall within this Territory, (a) by advertisement, or any notice, sign or other indication, or by any statement, printed, written or oral, in public or in private, made, done or procured by himself or herself, or any other, at his or her request, for him or her, claim, announce, make known or pretend his or her ability or willingness to diagnosticate, or prognosticate any human diseases, ills, deformities, defects, wounds or injuries; (b) or who shall so advertise or make known or claim his or her ability and willingness to prescribe or administer and drug, medicine, treatment, method or practice, or to perform any operation, manipulation, or apply any apparatus or appliance for cure, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (c) or who shall within this Territory diagnosticate or prognosticate any human diseases, ills, deformities, defects, wounds or injuries, for hire, fee, reward or compensation, promised, offered, expected, received or accepted, directly or indirectly; (d) or who shall within this Territory prescribe or administer any drug, medicine, treatment, method or practice, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (e) or who shall act as the agent of any person, firm or corporation, in the practice of medicine as hereinbefore set forth; (f) except it be in the advertisement or practice of dentistry, midwifery or pharmacy, or in the usual business of opticians, or of vendors of dental or surgical instruments, apparatus and appliances.

Sec. 11. The provisions of this Act shall not be construed to modify or in any wise to affect the provisions of the laws of this Territory relating to the practice of dentistry.

Sec. 12. Any person or persons violating any of the provisions of this Act, upon conviction thereof, shall be fined in any sum not less than one hundred ($100) dollars nor more than one thousand ($1,000) dollars, or by imprisonment in the county jail for a period of not less than three months nor more than one (1) year, or both such fine and imprisonment at the discretion of the courts.

Sec. 13. All laws in conflict or inconsistent with this Act are hereby repealed.

Sec. 14. This Act shall be in force and effect from the date of its approval by the Governor; provided, however, that persons having already complied with previous laws regulating the practice of medicine in the Territory of Arizona shall have until the first day of June, 1903, within which to file their applications for license and procure same, and until such time no penalty shall be imposed upon such lawful practitioners for a violation of the provisions of this Act.

EUGENE S. IVES,
President of the Council.
THEODORE T. POWERS,
Speaker of the House.

Approved March 19, 1903.
ALEXANDER O. BRODIE,
Governor.

RULES ADOPTED BY THE BOARD OF MEDICAL EXAMINERS OF ARIZONA UNDER THE LAWS OF 1903.

1. Examinations will be held in Phoenix on the first Monday in January, April, July and October, lasting two days.
2. Examinations will be conducted in writing in the English language.
3. Examinations consist of five or ten questions in each of the following branches: (1) Anatomy, (2) physiology, (3) chemistry, (4) materia medica and therapeutics, (5) obstetrics, (6) gynecology, (7) practice, (8) pathology, (9) surgery.
4. In order to be admitted to practice, the applicant must obtain a total average of 80 per cent provided that in no branch shall the percentage be less than 70, except in practice, obstetrics, gynecology and surgery, in which branches the minimum is placed at 85 per cent.
5. The examination fee is payable in advance, on the first day of the examination.
6. Candidates once rejected may appear at the next regular meeting of the Board, with the special permission of the Board only. The applicant must pay full fee for the next examination.
7. Diploma and affidavits required by law must be presented to the Secretary before the examination is started.
8. No applicant known to be an habitual user of morphine or cocaine will be examined.
9. Any applicant presenting himself under the influence of alcoholics will not be examined.
10. Any candidate detected trying to give or obtain aid shall be instantly dismissed from the room, and his or her paper for the entire examination cancelled.
11. It is unlawful to practice in this Territory while awaiting an examination, but the Board will give special examinations when it is deemed advisable. Any physician

engaged in the practice of medicine without complying with the law, is not only subjecting himself to prosecution and punishment, but can have no protection in event of malpractice suits, nor can he collect his fees by law. Any contract physician or surgeon in employ of a mining company's work who has not complied with the law, can be of no protection to the company which employs him, for the reason that he is already violating one of the laws of the Territory, and the court could not recognize him as a legal practitioner.

ARKANSAS.

CAPITAL, LITTLE ROCK.

Population of State, 1,311,564.
(U. S. Census of 1900.)
Number of Physicians, 2,780.

Arkansas, so called from the Arkansas tribe of Indians, was originally embraced in the territory of Louisiana, and was purchased in 1803 from the French government by Thomas Jefferson. It became a territory March 2, 1819, and was admitted as a state June 15, 1836. It is bounded on the north by Missouri, east by the Mississippi river, south by Louisiana and Texas and west by Texas and the Indian Territory. It lies between north latitude 33 degrees and 36 degrees 30 minutes, and between west longitude 89 degrees 45 minutes and 94 degrees 40 minutes. The greatest length from north to south is 242 miles and from east to west 275 miles. The eastern part of the state, embracing a portion of the Mississippi valley, consists principally of a rich alluvial plain, watered by numerous lagoons. The middle section is intersected by the Ozark mountains, dividing the state into two unequal portions, each possessing distinct climatic features. The principal rivers are the Mississippi, forming the eastern boundary, the Arkansas, the St. Francis, the White, the Ouachita and the Red, making over 1,500 miles of navigable streams. The climate is mild, the mean annual temperature in the northern portion being about 58 degrees, in the central 61 degrees, and in the southern 64 degrees. The northwestern portion is the coldest, and the southeastern the hottest. The rainfall varies from 54 inches in the southeast to 40 in the northwest.

The population of the state according to the U. S. census of 1900 is 1,311,564, as against 1,128,179 in 1890, representing an increase since 1890 of 183,385, or 16.25 per cent. The following table shows the increase in population for 80 years:

1820	14,255	1870	484,471
1830	30,388	1880	802,525
1840	97,574	1890	1,128,179
1850	209,897	1900	1,311,564
1860	435,450		

The total land surface of Arkansas is, approximately, 53,045 square miles.

Hot Springs, a well known health resort, is noted for its many mineral springs, varying from 75 to 157 degrees in temperature and having great curative powers in rheumatic and scrofulous diseases. Eureka Springs is also favorably known for the medicinal qualities of its waters. In addition to these there are a number of other mineral springs in the state.

For list of Medical Colleges, see page 152.

MEDICAL LAW OF ARKANSAS.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, AND PROVIDING FOR THE APPOINTMENT OF THREE BOARDS OF STATE MEDICAL EXAMINERS, AND DEFINING THEIR DUTIES.

Be it enacted by the General Assembly of the State of Arkansas:

Section 1. That the medical examiners herein provided for shall consist of three Boards: One of physicians and surgeons, recommended by "The Homeopathic Medical Society of Arkansas;" one of physicians and surgeons, recommended by "The Arkansas State Eclectic Medical Society;" and one of physicians and surgeons, recommended by "The Arkansas Medical Society."

There shall be seven (7) members of each Board, appointed so as to have one member from each congressional district upon each Board. The appointment shall be made by the Governor from a list of names presented by the respective medical societies.

Sec. 2. That the members first appointed on the Boards shall be divided into two (2) classes; the first class to consist of four (4) members appointed for two (2) years; the second class of three (3) members shall be appointed for four (4) years, and thereafter all appointments shall be for four (4) years.

Vacancies in the said Boards shall be filled as they occur by appointments from lists furnished as provided. No member shall be appointed for more than two terms in succession; and no member, or professor, or teacher in a medical college or school, or university, having a medical department, shall be appointed upon the Board.

Sec. 3. Within thirty days after their appointments, the respective Boards shall meet and organize by electing a president, secretary and treasurer of their respective Boards.

The treasurer of each of the said Boards shall give bond in such amount as may be designated by the Board, conditioned for the faithful disbursement of all moneys coming into his hands as such treasurer

Each of the said Boards shall have a common seal. The president and secretary shall have power to administer oaths for the purposes of this act. The members of the Boards shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution of this State for State officers.

Sec. 4. The said Boards shall hold four regular stated meetings per year, to-wit: The second Tuesdays in January, April, July and October, at such places as a majority may agree upon, consulting the convenience of the Boards and applicants for examiation and certificates.

Special meetings may be held upon the call of the president whenever it is deemed necessary or expedient. Said Boards shall keep a record of their proceedings, together with a correct list of all applicants for license to practice medicine, in any of its branches, with name, sex, color, age, nativity; time spent in the study of medicine, and, if possessing a diploma, the name and locality of the institution granting same, stating the system of medicine followed by each.

This record shall also state whether the applicant was rejected or licensed; said record shall be prima facie evidence of all matters required to be kept therein, and a certificate issued under the seal of said Board, and signed by the president and secretary thereof, and shall be prima facie evidence in any of the courts of this State of any matter appearing upon said records.

Sec. 5. The Boards shall be styled and known as the "Homeopathic State Medical Board," the "Eclectic State Medical Board," and the "State Medical Board of the Arkansas Medical Society."

The "Homeopathic State Medical Board" shall examine all applicants who propose to practice the homeopathic system of medicine; the "Eclectic State Medical Board" shall examine all applicants who propose to practice the eclectic system of medicine; and the "Board of Arkansas Medical Society" shall examine all other applicants.

The Boards shall act separately and independently of each other, and wherever this act refers to and defines the duties of the Board, it shall be construed as referring to their acting separately, as well as independently of each other.

Sec. 6. Every person now practicing medicine in this State shall, within ninety days after the passage of this act, prepare a written statement, giving his name, postoffice

address and county; when and where he received authority to practice medicine in this State; where his diploma or certificate is on record; and, if a diploma, from what school or medical college issued; such statement shall be sworn to before some officer authorized to administer oaths, and shall be forwarded to the secretary of the Board representing his school of medicine.

If it shall appear from such statement that such person was regularly authorized to practice medicine under the then existing laws, the said Board shall register the name of such person in their list of accredited physicians, and issue to such person a certificate that his name has been placed upon such list. If it shall appear from the statement that such person has not been legally authorized to practice medicine, or that his diploma is not from a reputable medical school or college, or, if from any other source of information, it shall appear that the statement is false, the Board shall refuse to issue to such a person a certificate, and shall notify such person in writing of their refusal and the reason therefor. If such person shall show to the satisfaction of the Board by affidavits or otherwise that he has complied with the laws of this State regulating the practice of medicine, they shall in that event issue to him a certificate. Upon the failure of such person to make the proof required by this section, he shall, before continuing in the practice, make application and stand examination required by the following provisions of this act.

Sec. 7. Any person who shall wilfully and knowingly make any false statement to the Board concerning his authority to practice medicine shall be deemed guilty of perjury and punished, as now provided by law for those found guilty of perjury, and may be indicted and tried for such offense, either in the county where the affidavit to such statement was made, or where such person resides.

Sec. 8. Every person residing in this State, or coming into it, of the age of twenty-one years, who has not heretofore been licensed to practice medicine under the existing laws, making application to register under the provisions of this act for the purpose of practicing medicine and surgery in this State, shall first make application to the Secretary of the Board, and his application shall be accompanied by a fee of ten ($10) dollars, this fee being for examination and registration before this Board. Such examination may be written or oral at the discretion of the Board, and shall be elementary and of a practical character, including anatomy, physiology, chemistry, materia medica, theory and practice of medicine, surgery and obstetrics.

If, in the opinion of the Board, the applicant possesses the necessary qualifications, the Board shall issue to him a certificate.

Sec. 9. Every person receiving a certificate from the Board, whether practicing now or hereafter licensed to practice, shall have such certificate recorded in the office of the County Clerk where he is practicing or proposes to practice; and, when such person moves to another county for the purpose of continuing the practice of medicine, he shall file for record with the County Clerk of the County to which he moves, a certified copy of his certificate

Sec. 10. That to prevent delay and inconvenience any member of the Board applied to may grant an applicant a temporary permit to practice, upon the payment of the fee required of applicants, and after a satisfactory examination, such permit shall not continue in force longer than until the next regular meeting of the Board and shall in no case be granted within six months after the applicant has been refused a certificate by the Board.

No additional fee shall be charged the applicant by the Board who has previously paid the amount for a temporary permit. All amounts paid to members of the Boards for temporary permits shall be by such members paid to their respective treasurers.

Sec. 11. Every person who shall practice, or shall attempt to practice medicine in any of its branches, or who shall perform or attempt to perform any surgical operation for any person, or upon any person within this State without first having complied with the provisions of this act, shall be deemed guilty of misdemeanor, and upon the conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars, nor more than five hundred ($500) dollars; or by imprisonment in the county jail for a period of not less than ten days, nor more than ninety days; or by both fine and imprisonment; and each day of such practice shall constitute a separate offense.

Provided, however, That this shall not apply to persons now engaged in the practice of medicine until ninety days after passage of this act, the time allowed them for procuring their certificate.

Sec. 12. Any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or, who may, by writing, print or other methods, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient, in this State, shall be deemed to be in violation of this law and punished as provided. This does not apply to persons who obtain certificates as herein provided.

Sec. 13. Any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append M. D. or M. B. to his name; or repeatedly prescribe or direct for the use of any person or persons, any drug or medicine or other agency for the treatment, cure, relief of any bodily injury, deformity or disease.

Provided, That nothing in this act shall be construed as to prevent any person from administering domestic remedies without receiving any compensation therefor, and nothing herein shall apply to the so-called midwives.

Sec. 14. The Secretary of the Board shall provide the Board with blank books, certificates, and such stationery as is necessary for the transaction of the business pertaining to their duties. All money received by the Board shall be disbursed by the treasurer upon the warrant of the secretary, countersigned by the president of the Board.

The members of the Board shall receive as a compensation for their services the sum of ten ($10) dollars per day for every day actually engaged in the discharge of their duties under this act, and the secretaries shall receive such additional salary as may be fixed and agreed upon by the Boards.

The Oppenheimer Treatment For Alcoholism. See Page 9

The members of the Board shall pay their own traveling expenses and hotel bills. The members of the Boards shall look to and be dependent entirely upon the fees provided for herein for their compensation, and all other expenses in connection with their duties.

It shall not be lawful for the said Boards, or any members thereof, in any manner whatever, or for any purpose, to charge or obligate the State for the payment of any money whatever. If, after paying all legitimate obligations of the Board, for stamps, printing, salary of secretary, etc., there should not be sufficient sums on hand to pay each member his per diem in full, the amount shall be prorated; but, if, at the end of the year, there should be a greater revenue than sufficient to meet all obligations, such surplus shall remain in the treasury to be used in expenditures of the Boards during the succeeding year.

Sec. 15. The Boards shall annually file with the Governor a report of their transactions during the year, giving the names of all to whom they have granted certificates during the year, naming the system of medicine practiced by each, and shall in such report show the amount of money received; and from what source, the amount expended, and for what purpose, and shall embody in their report any other matters or facts deemed expedient, and make such recommendations for the improvement of the practice of medicine in this State as may be deemed advisable.

If the Boards shall have sufficient funds on hand to pay for same, they shall have said reports printed in pamphlet form and furnish each physician in this State with a copy thereof.

Sec. 16. All laws or parts of laws in conflict with this act are hereby repealed, and this act shall take effect and be in force 90 days after its passage.

Approved February 17, 1903.

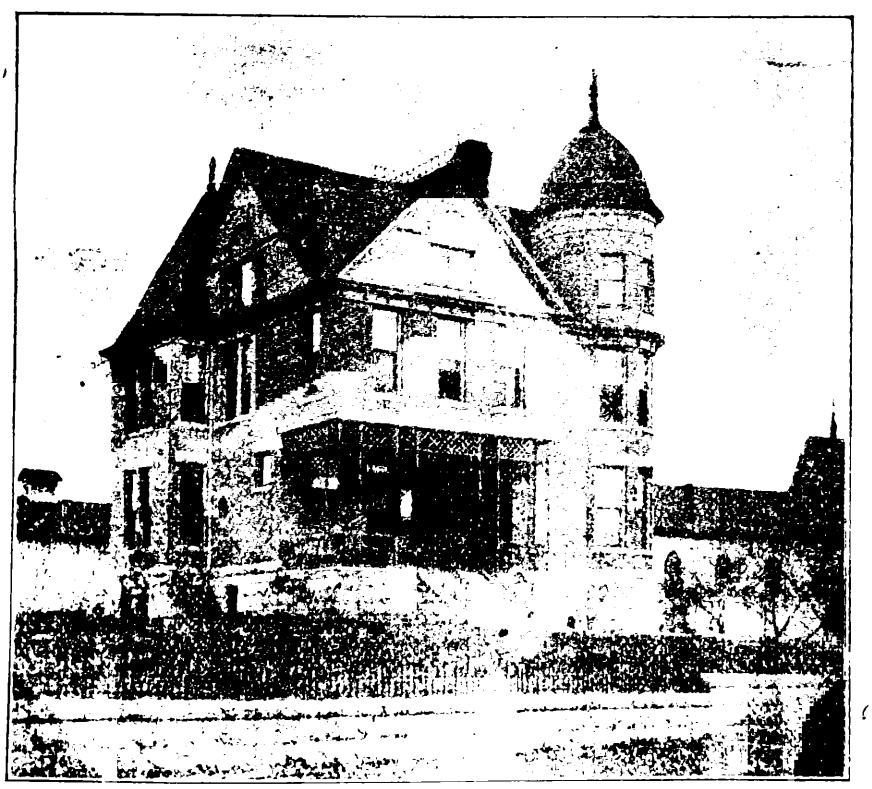
THE "DIAMOND JO" SANITARIUM



THE most desirably located of any establishment of its kind in the city, being one-half block from the Hot Springs R. R. depot, and at the same time off from the noise of business traffic.

The house is brick and modernly built, having been erected and occupied as a residence by the late Diamond Jo Reynolds. It is fitted with Steam Heat, Hot and Cold Water in every room, Gas and Electric Light and attractively and comfortably furnished throughout.

CALIFORNIA.

CAPITAL, SACRAMENTO.

Population of State, 1,485,053.
(U. S. Census of 1900.)
Number of Physicians, 4,369.

California, the second largest state in the Union, was ceded to the United States by the treaty of peace which terminated the war with Mexico in 1848, and was admitted as a state in 1850. It extends from 32 degrees 34 minutes to 42 degrees N. latitude, and from 114 degrees 8 minutes to 124 degrees 24 minutes W. longitude, and is bounded on the north by Oregon, on the east by Nevada and Arizona, on the south by Mexico, and on the west by the Pacific ocean. It comprises an area of 188,981 square miles, or 120,947,840 acres. It is naturally divided into four distinct regions: 1. The Coast Ranges; 2. The Sierra Nevada; 3. The Central Valley; 4. The Southwestern Region. California has but two large rivers, the Sacramento and San Joaquin, which traverse the Great Central Valley in opposite directions and empty into Suisun Bay, and the Klamath and Salinas and numerous smaller streams drain the state. The climate of California varies considerably in different portions, the mean annual temperature in the north being below 50 degrees F., while in the southeastern portion it exceeds 70 degrees F. The mean annual temperature of San Francisco for a period of eleven years was 55.23, and at Fort Yuma for a corresponding period, 74.77. In San Francisco rain falls freely during November and December, and the hottest months are September, October, August and July, in the order named.

The interior of the state, not being influenced by the sea, has a continental climate, and the greater the distance from the ocean the colder the nights and the warmer the days. The average annual rainfall increases from S. to N., and in the Sierra Nevada with the altitude; in Fort Yuma it is but 4 inches; in San Diego, 9.16; in Sacramento, 19.56; in San Francisco, 21.69; and in the Sierra, at an altitude of 5,000 feet, 45 inches and more.

The state has as valuable mineral springs as can be found anywhere, rivaling the famous spas of Europe. Dr. Winslow Anderson, in his work, "Mineral Springs and Health Resorts of California," says:

"In California we have over two hundred cold and hot mineral springs, ranging from the cool, delicious, effervescent soda and sparkling vichy to the ferruginous, saline, alkaline and sulphurous wells, ever ready and overflowing, to be utilized for the healing of the 'many ills to which the flesh is heir.'

"When our California springs become more generally known, and their similarity to the famous European spas is better understood, our invalids may not find it necessary to undertake the long, tedious, expensive, and in many instances hazardous journey, when they can find right here

Cutter's Diphtheria Antitoxin U. S. P.

Deserves YOUR Active Support.
It is the

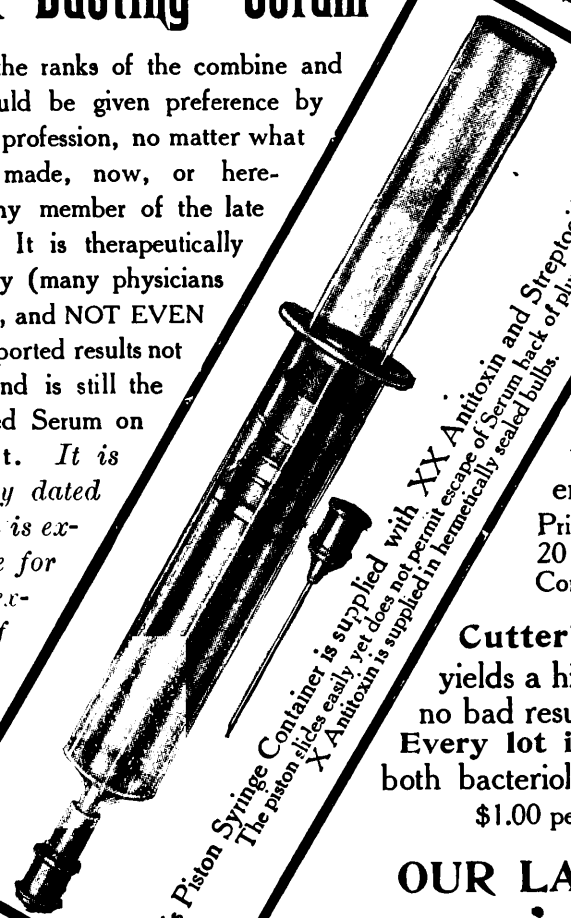
"Trust-Busting" Serum

that broke the ranks of the combine and as such should be given preference by the medical profession, no matter what prices are made, now, or hereafter, by any member of the late combine. It is therapeutically equal to any (many physicians say superior, and NOT EVEN ONE has reported results not as good) and is still the lowest priced Serum on the market. *It is not unduly dated ahead and is exchangeable for fresh at expiration of date on package.*

Prices Antitoxin

	X	XX
1000 units,	$1.50	$ .75
2000 "	2.50	1.50
3000 "	3.50	2.00
4000 "	4.50	2.50

XX always supplied on unspecified orders.



This Piston Syringe Container is supplied with XX Antitoxin and Streptocidic Serum. The piston slides easily yet does not permit escape of Serum back of plunger. X Antitoxin is supplied in hermetically sealed bulbs.

Our other Serum, **Cutter's Polyvalent Streptocidic Serum,** is superior to any Anti-Streptococcic Serum on the market. It is made after the **Hubbert Process,** but with the additional value conferred by the use of hundreds of different strains of Streptococci.

Price $3.00 per package containing 20 cc. in two 10 cc. Piston Syringe Containers. Write for literature.

Cutter's Vaccine Virus not only yields a high percentage of "takes," but no bad results have ever followed its use. **Every lot is most carefully tested,** both bacteriologically and physiologically.

$1.00 per package of ten tubes.

"Busted trusts" reunite, if their "trust-busting" competitor is not given the support and preference necessary to his continued, *aggressive* existence. Therefore, *specify Cutter's Antitoxin* and insist that your druggist shall supply it. We ship all our products *by paid post or express.*

OUR LABORATORIES

are in Berkeley, on the eastern shore of San Francisco Bay, just opposite the Golden Gate, through which and across the cold waters of the bay, comes to us a steady, germ-free breeze off the broad Pacific. Never hot in summer, or cold in winter, laboratory processes and experiments on animals may be carried on uninterruptedly the year round, and in this respect, our premises are probably better situated than any in the world.

OUR SERUM HORSES

are also uniformly in better health than are those which must be kept in close stables in the winter and subject to debilitating heat in the summer.

The Springs are situated at an elevation of 1500 feet above sea level in a canon of the mountains which form the northern boundary of the Montecito Valley, amidst scenery of unparalleled grandeur and beauty. They are distant from the city of Santa Barbara about six and one-half miles and number about twenty-two, although up to the present only eight have been used.

The waters of the Springs emerge from the rocks at a temperature which varies, according to the individual spring, from 99° to 122° Fahrenheit, and the fall from their source to the site of the Hotel is so great that the loss of heat does not exceed 5 per cent. Their medicinal properties have been recognized from early times, and, as is well known, are extremely beneficial in chronic cases of rheumatism, catarrh of the digestive organs, and other diseases.

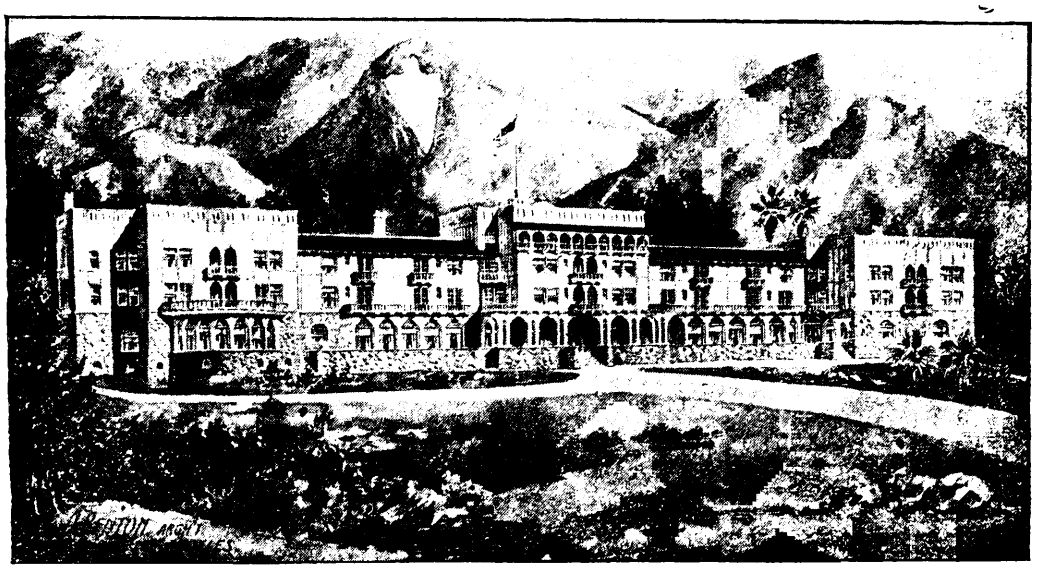
ARROWHEAD HOT SPRINGS



TEMPERATURE—196 degrees. The hottest curative springs in the world.

FLOW—500,000 gallons daily.

ALTITUDE—2,000 feet, ideal for health.

CLIMATE—The climate of Italy. Variation of mean temperature of summer and winter only 10 deg.

SCENERY—The scenery of Switzerland. Majestic mountains and beautiful orange groves. Only three miles from the oranges on trees to the snow on the mountains in winter. Horse and foot trails in every direction.

BATHS—Bath house will accommodate 400 daily. Hot water, vapor, mud, electric light, Schott (Nauheim) needle, massage, X-ray, etc.

LABORATORY—Thoroughly equipped for diagnostic and clinical study of every type of metabolic disorders.

ANALYSIS—Intermediate between Sprudel of Carlsbad, Germany, and the Hot Springs of Arkansas, though more strongly radio-active than either.

CONDUCT—Modeled after the great European Spas. Positively no tipping allowed in any department.

RATES—According to accommodation, from $2.00 to $8.00 per day.

60 miles from Los Angeles.
6½ miles from San Bernardino.
12 miles from Redlands.

Entirely under medical control, our Medical Director being also Manager and General Superintendent. This means that its conduct in every detail will be subordinated to the increase of its therapeutic efficiency.

Its daily routine based upon the classical procedure of the great European "Bads" and "Kur-orts", namely, early rising, drinking of water before breakfast, a carefully regulated diet, early retiring and interdiction of physical dissipation of all sorts.

Careful personal study made of each individual case. Every guest entering the Sanatorium will be examined first by the Medical Director before being permitted to begin the treatment, and all cases needing a further study, or in which there is a question of the safety of submitting them to the full treatment at once, will be referred to the Consulting Physician.

A full, modern Clinical and Bacteriological Laboratory, equipped with every possible aid to diagnosis from hematokrit to fluoroscope.

Every patient will be received and treated on strictly ethical principles, and our endeavor will be to co-operate with and assist the profession in every way.

MEDICAL LAW OF CALIFORNIA.

AN ACT FOR THE REGULATION OF THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF CALIFORNIA, AND FOR THE APPOINTMENT OF A BOARD OF MEDICAL EXAMINERS IN THE MATTER OF SAID REGULATION.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Appointment of Board, Quorum.—There shall be a board consisting of nine members, which shall be known as the board of medical examiners of the State of California. The members of said board shall be elected as follows: Five members thereof

WE FURNISH Up-to-date Lists of any business or profession, address envelopes and mail circulars.
R. L. POLK & CO., DETROIT, CHICAGO.

shall be elected by the Medical Society of the State of California, two members thereof by the California State Homeopathic Medical Society, and two members thereof by the Eclectic Medical Society of the State of California. Said members shall be elected annually by said societies, respectively, according to such rules as each society may adopt for the election of members to be elected by it, and the members so elected shall serve for one year, and until their successors shall have been elected and qualified. Each of said societies respectively may also elect alternates who shall fill such vacancies as may occur in its representation on the board. It shall require the affirmative vote of six members of said board to carry any motion or resolution, to adopt any rule, to pass any measure, or to authorize the issuance of any certificate to practice medicine and surgery as in this act provided.

Sec. 2. Oath.—Each member of said board shall before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine, and a legally qualified practitioner of medicine in this state.

Sec. 3. Organization, Meetings.—Said board shall organize by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of the board. Said board shall hold its regular meetings in the city of San Francisco on the first Tuesdays of April, August and December of each year, for the consideration of applications for certificates, and for the transaction of such other business as may properly come before it with power of adjournment from time to time until its business is concluded; provided, however, that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the state designated by said board of examiners, under the supervision of any one member of said board, upon written questions previously prepared by said board; and when the examination is concluded the questions submitted, together with the answers and any other evidence or affidavits used or produced at said examination, shall be signed by said examiner and immediately returned to the board of examiners, who shall act upon said application for a certificate in the same manner as if the person had appeared personally before said board. Notice of each regular meeting of the board shall be given by publication twice a week, for each of the two weeks next preceding each meeting, in two daily papers published in the city of San Francisco, in one daily paper published in the city of Sacramento, and in one daily paper published in the city of Los Angeles. Special meetings of the board may be held at the call of the president, at such time and place as he shall direct, and the same notice thereof shall be given as in the case of regular meetings. Said board shall procure a seal, and shall receive through its secretary applications for the certificates provided to be issued under this act.

Sec. 4. Rules.—Said board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have the authority to take evidence as to any matter cognizable by it.

Sec. 5. Requirements, Examination, Fee.—Every person before practicing medicine or surgery, or any of the departments of medicine or surgery in this state, must have the certificate herein provided for. In order to procure such certificate he must produce satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which medical school shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year; or he must produce satisfactory evidence of having possessed such diploma, or a license from some legally constituted institution which grants medical and surgical licenses only upon actual examination, or satisfactory evidence of having possessed such license; and he must accompany said diploma or license with an affidavit stating that he is the lawful possessor of the same, that he is the person therein (named), and that the diploma or license was procured in the regular course, either of instruction or examination, without fraud or misrepresentation of any kind. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. In addition to such affidavit, said board may hear such further evidence as, in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected.

In addition to the requirements above set forth, each applicant for a certificate must be personally examined by said board as to his qualifications to practice medicine and surgery. The examination shall be conducted in the English language, and shall be, in whole or in part, in writing, and shall be on the following subjects, to wit: Anatomy, physiology, bacetriology, pathology, chemistry and toxicology, surgery, obstetrics, materia medica and therapeutics, and theory and practice of medicine. When the applicant applies for examination in materia medica and therapeutics, and theory and practice of medicine, he shall designate in what school of medicine he desires to practice, and only the member or members of the board who belong to the school so designated shall participate in this part of the examination. Examinations shall be practical in character, and designed to discover the applicant's fitness to practice medicine and surgery.

Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of one to ten. If an applicant fail in his first examination he may, after not less than six months, be re-examined. If he fail in a second examination he shall not thereafter be entitled to another examination in less than one year after date of second examination, and shall be required to pay for such examinations the full fee. The examination papers shall form a part of the records of said board, and shall be kept on file by the secretary. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret by the secretary until after the board has finally voted upon the application. The secretary of the board of medical examiners shall in no instance participate, as an examiner, in any examinations held by the board; nor shall he be entitled to vote upon the question of granting any certificate to practice medicine and surgery.

CUTTER'S ANTITOXIN. The "trust-busting" California serum that broke the ranks of the combine, is **still the lowest-priced and most convenient to use of any.** See adv. beginning Cal.

Said board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the medical examining board of the District of Columbia, or of any state or territory of the United States; provided, however, that the legal requirements of such medical examining board shall have been, at the time of issuing such certificate, in no degree or particular less than those of California at the time when such certificate shall be presented for registration to the board created by this act; and provided further, that the provisions in this paragraph contained shall be held to apply only to such of said medical examining boards as accept and register the certificates granted by this board without examination by them of the ones holding such certificates. Each applicant, on making application, shall pay to the secretary of the board a fee of twenty (20) dollars, which shall be paid to the treasurer of said board by said secretary.

Sec. 6. Certificate.—When any applicant has shown himself to be possessed of the qualifications herein required, and has successfully passed the said examination, a certificate must be issued to him by said board, authorizing him to practice medicine and surgery in this state. Said certificate shall be signed by the president and secretary of said board, and sealed with the seal of the board.

Sec. 7. Record of Proceedings.—Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each application. Said record shall be evidence of all the proceedings of said board which are set out therein.

Sec. 8. Registration.—Every person holding a certificate authorizing him to practice medicine or surgery, or both, in this state, must have it recorded in the office of the county clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county clerk recording the same. Every such person, on each change of residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate who shall practice medicine or surgery, or attempt to practice medicine or surgery, without first having filed his certificate with the county clerk, as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 9. The county clerk shall keep in a book, provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 10. Refusal to Grant Certificate; Revocation of Certificate; Unprofessional Conduct.—Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citations and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuse to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter, in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court; and should said court find that the subpoena had been legally served, and that the party so served had wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation, or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct subsequently to the passage of this act, and unless he has been guilty of such conduct within two years next preceding his application. Whenever any holder of the certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board

granting said certificate, in the manner hereinafter pointed out, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not thereafter be permitted to practice medicine or surgery, or any of the departments of medicine or surgery, in this state. But no such revocation shall be made unless said holder is cited to appear, and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. The accused party, at the time he presents his answer for filing, shall deposit with the secretary his certificate, and unless he do so, the secretary must not file his answer, and default shall be thereupon entered against him, and his certificate revoked if the charges on their face be deemed sufficient by the board. When the certificate is revoked, the secretary of the board, if said certificate has been deposited with him, shall write across the face thereof, in red ink, the fact of such revocation, and shall file said certificate, so revoked, among the archives of his office and shall also certify the fact of such revocation, under the seal of the board, to the county clerk of the counties in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person the following:

"This certificate was revoked on the —— day of ———," giving the day, month and year of such revocation, in accordance with said certification to him by said secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. If said board shall decide against revocation, the certificate shall be returned to the holder thereof. No certificate shall be revoked for unprofessional conduct unless the accused has been guilty thereof subsequently to the passage of this act, and unless he has been guilty thereof within two years next preceding the time of filing the complaint charging him with such unprofessional conduct. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery in this state.

The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Third—The wilfully betraying a professional secret.

Fourth—All advertising of medical business in which grossly improbable statements are made.

Fifth—All advertising of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance.

Sec. 11. Expenditures of the Board.—Said board shall have the power to employ legal counsel and clerical assistance, and to fix the salaries of the same, and to incur such other expenses as may be deemed necessary to carry into effect the provisions of this act. It shall also fix the salary of the secretary, not to exceed the sum of twenty-four hundred dollars per annum, and the sum to be paid to other members of said board, not to exceed ten dollars per diem each for each and every day of actual service in the discharge of official duties; and said board may, in its discretion, add to said sums necessary traveling expenses. All money in excess of the actual expenses of the board shall be paid annually into the treasuries of the respective state medical societies, and shall be pro rated according to the number of representatives of each school among the applicants examined.

Sec. 12. Illegal Practice.—Any person practicing medicine or surgery in this state, without having, at the time of so practicing a valid, unrevoked certificate, as provided in this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment for a term of not less than sixty days, nor more than one hundred and eighty days, or by both such fine and imprisonment. In each such conviction one-half of the fine shall be paid, when collected, to the prosecuting witness, or witnesses, and the other half shall be paid into the school fund of the county, or city and county, in which such conviction is had.

Sec. 13. Unauthorized Registration.—Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 14. False Representation.—Any person assuming to act as a member of a state board of medical examiners, or who shall sign, or subscribe, or issue, or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this state, except the person so acting and doing shall have been elected a member of said board of medical examiners as in this act provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a term of not less than sixty nor more than one hundred and eighty days, or by both such fine and imprisonment.

Sec. 15. Previous Registration.—Any person who holds a certificate from one of the boards of examiners heretofore existing, under the provisions of "An act to regulate the practice of medicine in the State of California," approved April third, eighteen hundred and seventy-six, or an act supplemental and amendatory to said act, which became a law April first, eighteen hundred and seventy-eight, shall be entitled to practice medicine and surgery in this state, the same as if it had been issued under this act; but all such certificates may be revoked for unprofessional conduct, in the same manner and upon the same grounds as if they had been issued under this act.

Sec. 16. Definition.—The following persons shall be deemed as practicing medicine or surgery within the meaning of this act:

THE OPPENHEIMER TREATMENT FOR ALCOHOLISM

ALCOHOLIC CRAVING OVERCOME IN 12 to 48 HOURS
REPRESENTATIVE PHYSICIANS in each city of the United States administer the Oppenheimer Treatment.
Write for the name and address of the physician in your locality
Oppenheimer Institute, 159 West 34th Street, New York City. (See Page 9)

1. Those who profess to be, or hold themselves out as being engaged as doctors, physicians or surgeons in the treatment of disease, injury, or deformity of human beings.
2. Those who, for pecuniary or valuable consideration, shall prescribe medicine, magnetism, or electricity, in the treatment of disease, injury, or deformity of human beings.
3. Those who for pecuniary or valuable consideration shall employ surgical, or medical means or appliances for the treatment of disease, injury, or deformity of human beings, except dealers in surgical, dental and optical appliances.
4. [Those who, for a pecuniary or valuable consideration, prescribe or use any drug or medicine, appliance, or medical or surgical treatment, or perform any operation for the relief or cure of any bodily injury or disease.]

The doing of any of the acts in this section mentioned shall be taken to be prima facie evidence of an intent on the part of the person doing any of said acts to represent himself as engaged in the practice of medicine or surgery, or both; but nothing in this act shall be so construed as to inhibit service in the case of emergency, or the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital service, in the discharge of his professional duties, nor to any legally qualified dentist when engaged exclusively in the practice of dentistry, nor to any physician or surgeon from another state or territory, when in actual consultation with a legal practitioner of this state, if such physician or surgeon is, at the time of such consultation, a legal practitioner of medicine or surgery in the state or territory in which he resides; nor to any physician or surgeon residing on the border of a neighboring state and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends with the limits of this state; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this state.

Sec. [17]. Repeal.—An act entitled "An act to regulate the practice of medicine in the State of California," approved April third, eighteen hundred and seventy-six, and an act entitled "An act supplemental to and amendatory of an act entitled 'An act to regulate the practice of medicine in the State of California,' April third, eighteen hundred and seventy-six," which became a law April first, eighteen hundred and seventy-eight, and all acts, and parts of acts, in conflict with this act are hereby repealed.

Sec. 18. This act shall take effect from and after the first day of August, 1901.

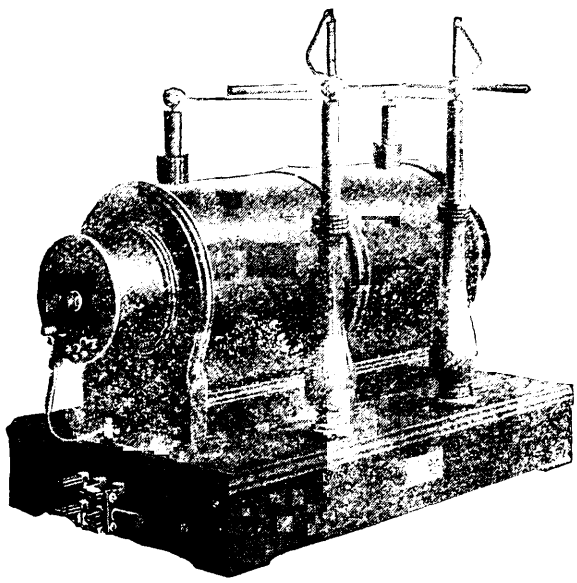
X-Ray Apparatus



THE ROENTGEN "JUMBO" COIL.

We supply complete X-Ray equipments of **highest quality;** suitable for hospital use or private practice.

Our "Roentgen" Coils are equipped with primaries having **variable inductance,** and in all respects represent the very latest improvements.

"Roentgen" Coils are provided with self-starting mechanical or electrolytic interrupters to operate on direct or alternating circuits; and are fully guaranteed against break down.

Interested physicians are invited to critically inspect our comprehensive working exhibit. It is well worth a special trip to Philadelphia.

GOOD CLIMATE

IS A

GOOD DOCTOR

CALIFORNIA

has a climate that is kind to both sick and well. There is invigorating ozone in the mountains and hills, exhilerating freshness besides the soft Pacific sea, and wonderful mineral springs. Write for Resorts folder, and other California literature to nearest agent. :: ::

if you have any questions to ask about

CALIFORNIA

¶ If you want to know what there is to see in California, I can tell you.

¶ If you want a home there, I can tell you about lands, climate and conditions.

¶ If you intend going there, I can give full particulars about the Three Great Routes.

¶ If you want to know about rates, I can give the cost of a trip in detail.

¶ All you'll have to do is to write to me. Better write to-day.

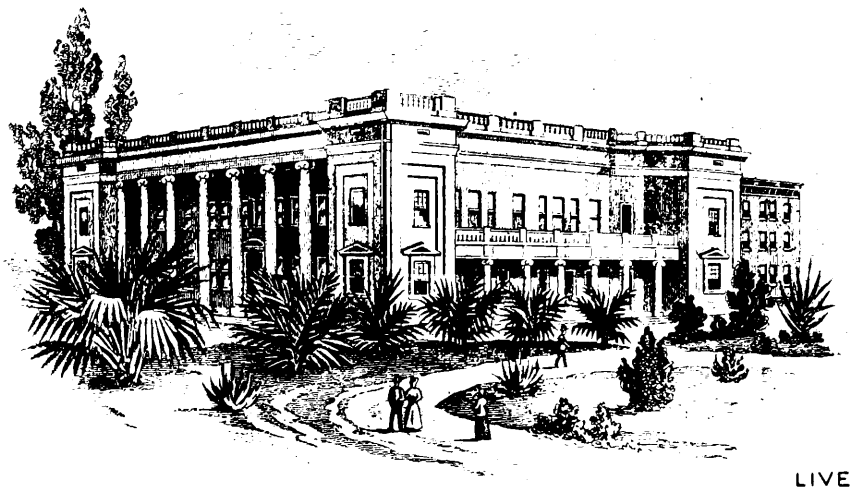
Livermore Sanitarium



LIVERMORE.
CALIFORNIA.

Announcing the completion of the Hydropathic Department of the Livermore Sanitarium

Intended Exclusively for Rest.

This Department is fitted with the most modern appliances, electric and hydrotherapeutic, including the Baruch Water Table, electric light cabinets and the Nauheim and Moliere baths.

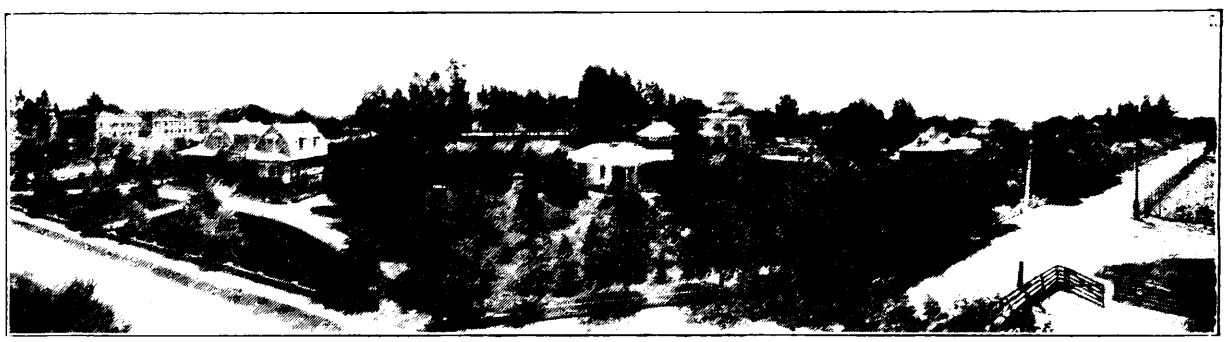
No mental patients are received in this department, those only being admitted who require rest, body upbuilding and the re-establishment of functional derangements, patients suffering from exhaustion following surgical operations and other conditions of ill health that are benefited by change of climate, fresh air and the scientific application of massage and hydrotherapy.

Dr. John M. Craig, formerly director of the nervous department of the Battle Creek Sanitarium, more recently connected with the Jackson Sanitarium at Dansville, has been associated with the management of the Livermore Sanitarium and is in charge of the Hydropathic Department

Department for the Treatment of Mental Diseases. . . .

This Department is entirely separated from the Sanitarium and is located in grounds absolutely private.

The central building is surrounded by small cottages for the better segregation of patients.



Thoroughly trained nurses are employed and all modern appliances for the proper care of the insane have been provided. Absolutely no restraint nor enclosures for patients.

The buildings are beautifully situated in fifteen acres of highly improved grounds.

Livermore, chosen as a location because of its peculiar climatic advantages and its accessibility, is thirty miles from San Francisco, is completely surrounded by hills and is itself a high plateau rising from 400 feet at its Western end to 600 feet at its Eastern extremity.

Terms $25 to $50 per week, depending upon rooms and special nursing.

TWO DEPARTMENTS.

A department for the correction of Stammering where the most scientific methods are employed, and where better results are obtained than in any other school for the correction of stammering in the world.

A department for Backward Children occupying a separate building, where four experienced and conscientious teachers are devoting their entire time to the instruction of such children as require highly skilled, patient and gently persistent guidance to bring about the best possible mental and physical development. If You know of such a child kindly send the name and address, that a catalogue may be sent to the parent or guardian. Address

CAPITAL, DENVER.

Population of State, 539,700.
(U. S. Census of 1900.)
Number of Physicians, 1,670.

Colorado was organized as a territory February 28, 1861, and admitted as a state August 1, 1876. The total land surface of Colorado is, approximately, 103,645 square miles. The average number of persons to the square mile, as shown by the census of 1890, was 3.9, and in 1900, 5.2.

Colorado had, in 1860, a population of 34,277, and in 1870 a population of 39,864, but in 1880, the first census taken after its admission as a state, it had grown to 194,327, representing an increase in ten years of 154,463, or 387.4 per cent. During the decade from 1880 to 1890, its population was again increased by 112.1 per cent, giving a total in 1890 of 412,198. The poulation of Colorado in 1900, which was 539,700, is nearly sixteen times as large as the population given for 1860, the first year in which its population is given in the census report. It is the fifth state in area and thirty-first in population.

It extends from 37 degrees to 41½ degrees north latitude and from 102 degrees to 109 degrees west longitude, and is bounded on the north by Wyoming and Nebraska, on the east by Nebraska and Kansas, on the south by New Mexico and the Indian Territory, and on the west by Utah. It is the third largest state in the Union, ranking after Texas and California, and comprising an area of 104,500 square miles, or 66,860,000 acres. The main range of the Rocky Mountains runs through the center of the state and forms the "Continental Divide." From one side the streams flow into the Gulf of Mexico, and from the other into the Pacific ocean.

The principal rivers are the South Platte and Arkansas, and these with their tributaries suffice to irrigate all the farm lands in the great agricultural counties of the state.

The climate resembles that of the Eastern states in the same latitude, except that the air is much drier and the range of temperature between the extremes much smaller. Rain falls almost exclusively from May to July, the other months are dry. Frost appears about the middle of September and continues until the opening of spring, which generally occurs a month earlier than in the East.

The vital statistics division of the Census Bureau reports that there was a decrease of nearly 10 per cent (1.8 per 1,000 population) in the general death rate in the registration area during the decade since 1890. "In 1890 the death rate in 271 registration cities of 5,000 or more population was 21 per 1,000. In 1900 the rate was 18.6 per 1,000 in 341 cities of 8,000 population and upward, a reduction of 2.4 per 1,000." The average age at death in 1890 was 31.1 years; in 1900 it was 35.2 years. The total deaths in Colorado in 1900 were 7,791, rate per thousaid 14.43. Pneumonia kills more than any other disease, not excluding tuberculosis.

Forest Retreat

A magnificent private home for the reception and treatment of Alcoholic and Drug Addictions, Nervous and Mental Diseases.

Location: On West 26th Avenue, No. 5349, three blocks from the terminus of the West 23rd Avenue car, giving a car every ten minutes and a pleasant ride of twenty minutes to the central loop.

The most pleasant drive to the Retreat is via West 26th Avenue, what was formerly known as Highland Avenue, which will take about twenty minutes by carriage or ten minutes by automobile. Patients arriving from out of the city will be met at the station by the Retreat carriage, providing we are notified in time, and they are not ambulance cases.

THE RETREAT

Located in the suburbs of Denver in the center of a ten-acre tract, surrounded by a large grove of shade and fruit trees, affording us ample ground to raise our own vegetables and fruits, and to keep our own chickens and dairy stock, thereby providing our patients with the purest milk and fresh eggs at all times, and plenty of it.

The home being in the center of the grounds gives our patients ample room to sit or walk around, and at the same time they are removed from the gaze of the ever inquisitive public. The number of patients is limited to fifteen. The rooms are all large and airy, there being two suites with private baths, and general bathing facilities for others. The home is heated by hot water, giving a uniform and pleasant heat.

ATTENTION.

The patients receive my personal attention at all times of the day or night. Where patients desire to retain their own physician I personally see that their orders are carried out to the letter, and that all prescriptions, regardless of cost, are filled at once. In these attentions I am ably assisted by the best nurses that can be procured, and in whom I can place the greatest confidence as to kind and considerate treatment of patients intrusted to my care. Physicians sending patients to me will be treated strictly according to the code of ethics of the A. M. A., and can depend upon it their interest will be protected in every sense of the word.

Diet and Foodstuffs: Nothing but the best that the markets of Denver afford is served regardless of cost or expense, and all delicacies of the season are provided upon request at a slight extra expense.

Amusements: Riding, driving, golf, tennis, music and billiards.

BATHS AND MASSAGE.

We are equipped to administer any of the following baths that you may desire for your patient: The Wet Sheet Rub, The Dripping Sheet, The Wet Girdle (hot or cold), The Wet Sheet Pack, The Hot Blanket Pack, The Pail Douche, The Dry Shampoo, The Salt Glow, Wet Hand Rubbing, Alcohol Rub, Wintergreen Rub, Oil Rub, Alcohol Sponge Bath, The Cephalic Douche, The Spinal Douche, The Vapor Bath, The Emollient Baths (such as bran, starch or gelatin), Salt, Sulphur or Mustard Baths, General or Special Massage, Tub Baths, Cold Cream Massage, Perfumed Rub and The Almond and Benzoin Baths are all administered at no extra expense to the patient, except the Alcohol Bath and Rub, for which there is an extra charge of twenty-five cents.

THE RATES.

Necessarily, accommodations of the above nature are somewhat more expensive than where a large number of patients are taken and where less individual attention is given to each person, therefore I have set a price of Twenty-five Dollars ($25.00) to Fifty Dollars ($50.00) per week, this to include board and room, nursing, baths, and medicine, as well as my personal supervision of each case. THE COLORADO MEDICAL LAW.

An Act to Protect the Public Health and Regulate the Practice of Medicine in the State of Colorado. Approved April 20th, 1905.

Section 1. A board is hereby established, to be known by the name and style of the State Board of Medical Examiners. Said board shall be composed of nine practicing physicians of integrity and ability, who shall be residents of, and have been duly licensed to practice medicine in this State, and who shall have been graduated from medical schools of high educational requirements and standing, and have been engaged in the active practice of their profession within this State for a period of at least five years. Said board shall perform such duties, and possess and exercise such powers, relative to the protection of the public health and the control and regulation of the practice of medicine in this State as shall be in this act prescribed and conferred upon it.

Sec. 2. The governor shall appoint nine physicians, who shall possess the qualifications specified in section 1 of this act, to constitute the members of said board. Said members shall be so classified by the governor that the term of office of three shall expire in two, three in four and three in six years from the date of appointment. Biennially thereafter the governor shall appoint three members, who shall possess the qualifications as specified in section 1 of this act, each to serve for the term of six years, and he shall fill vacancies in the membership of said board as soon as practicable.

Sec. 3. Said board shall, biennially, elect a president, a vice-president and a secretary-treasurer from their membership, and adopt a seal, which shall be affixed to all licenses issued by them. They shall, from time to time, adopt such rules and regulations as they may deem necessary for the performance of their duties, and a schedule of minimum educational requirements, which shall be without prejudice, partiality or discrimination as to schools or systems of practice of medicine. When an applicant for a license offers to the board satisfactory proof that he has complied with such educational requirements as are specified in said schedule, the board shall accept such proof as sufficient evidence of the educational qualifications of the applicant to entitle him to a license without examination; Provided, however, That at no time shall said schedule for graduates after January 1, 1900, specify the attendance upon less than four full courses of instruction in four separate years in a reputable medical school. They shall keep on file with the Secretary of State, for public inspection, a copy of their schedule of educational requirements and rules and regulations.

Sec. 4. Any person wishing to obtain the right to practice medicine in this State, who has not heretofore been licensed so to do, shall, before it shall be lawful for him to practice medicine in this State, make application to said State Board of Medical Examiners, through the secretary-treasurer thereof, upon such form and in such manner, as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid it shall be unlawful for him to practice medicine in this State; and if he shall practice medicine in this State without first having obtained such a license he shall be deemed to have violated the provisions of this act. All applicants for a license to practice medicine or for a renewal of any such license which has been revoked, shall furnish the board with satisfactory evidence of good moral character.

Sec. 5. Said board shall have authority to administer oaths, to summon witnesses and to take testimony in all matters relating to their duties. Said board shall issue licenses to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this act and the rules and regulations of the board. Such licenses shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and they shall be absolute authority to the persons to whom they are issued to practice medicine in this State. It shall be the duty of the secretary-treasurer under the direction of

the board, personally or by deputy, to aid the several district attorneys of the State in the enforcement of this act and in the prosecution of all persons charged with violating any of its provisions.

Sec. 6. There shall be paid to the secretary-treasurer of the State Board of Medical Examiners by each applicant for a license a fee of twenty-five dollars ($25.00), which shall accompany the application. Two-fifths of the fee shall be returned to the applicant in case the board shall refuse to grant him a license.

Sec. 7. Examinations of applicants for license to practice medicine shall be made by said State Board of Medical Examiners according to the methods deemed by it to be the most practicable and expeditious to test the applicant's qualifications. Such applicant will be designated by a number instead of his name, so that his identity will not be disclosed to the members of the board, until after the examination papers are graded. The subjects of written, oral or clinical examinations shall be as follows: Anatomy, physiology, chemistry, symptomatology, toxicology, pathology, surgery and obstetrics (exclusive of materia medica and therapeutics). The credentials of applicants relating to their general reputation, their preliminary eduction and the courses of study they have pursued; the degrees they have received; the number of years they have been engaged in the lawful practice of medicine; their experience in general hospitals, medical departments of the army, navy and public health and marine hospital service; licenses granted to them by other states and countries; and their experience as teachers of medicine, shall be given due consideration by the board in conducting its examinations. Upon investigation of an applicant's credentials the board shall, when convinced that an applicant is qualified to practice medicine, grant him a license thereon without further examination. Each applicant shall name his system of practice and no person shall use the name of any system unless he holds a certificate from the State association of such system.

Sec. 8. Every person who shall receive a license from the State Board of Medical Examiners shall have it recorded in the office of the recorder of deeds of the county in which he resides, and shall likewise have it recorded in the counties to which he shall subsequently remove for the purpose of practicing medicine. The failure on the part of the holder of a license to have it recorded, before he shall begin the practice of medicine in this State, shall render it null and void.

Sec. 9. The recorder of deeds of each county in this State shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When any such license shall be presented to him for record he shall stamp or write upon the face thereof his signed memorandum of the date when such license was presented for record.

Sec. 10. The State Board of Medical Examiners may refuse to grant, or may revoke, a license to practice medicine in this State, or may cause a licentiate's name to be removed from the record in the office of any recorder of deeds in the State upon any of the following grounds, to wit: The employment of fraud or deception in applying for a license, or in passing the examination provided for in this act; the practice of medicine under a false or assumed name, or the personation of another practitioner of a like or different name; the conviction of a crime involving moral turpitude; habitual intemperance in the use of ardent spirits, narcotics or stimulants to such an extent as to incapacitate for performance of professional duties; the procuring or aiding or abetting in procuring a criminal abortion; the obtaining of a fee on the representation that a manifestly incurable disease can be permanently cured; causing the publication and circulation of an advertisement of any medicine or means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be re-established; causing the publication and circulation of an advertisement relative to any disease of the sexual organs. Any person, who is a licentiate, or who is an applicant for a license to practice medicine, against whom any of the foregoing grounds for revoking, or refusing to grant, a license is presented to said board with a view of having the board revoke, or refuse to grant, a license, shall be furnished with a copy of the complaint, and shall have a hearing before said board in person or by attorney, and witnesses may be examined by said board respecting the guilt or innocence of said accused. Said board may at any time within two years from the refusal or revocation of a license or cancellation of registration under this section, by a majority vote, issue a new license, or grant a license, to the person affected, restoring, or conferring, all the rights and privileges of, and pertaining to, the practice of medicine as defined and regulated by this act. Any person to whom such right and privileges have been so restored shall pay to the secretary-treasurer a fee of ten dollars ($10.00) upon the issuance of a new license.

Sec. 11. The terms, "practice of medicine," "to practice medicine," "practicing medicine" and "practice medicine," as used in this act are each hereby defined to mean holding oneself out to the public as being engaged within this State in the diagnosis and treatment of diseases or injuries of human beings; or the suggestion, recommendation or prescribing of any form of treatment for the intended palliation, relief or cure of any physical or mental ailment of any person, with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or the maintenance of an office for the reception, examination and treatment of any person suffering from disease or injury of body or mind; or attaching the title of M. D., surgeon, doctor, or any word or abbreviation to his name, indicative that such person is engaged in the treatment or diagnosis of the diseases or injuries of human beings. If any person shall hold himself out to the public as being engaged within this State in the diagnosis and treatment of diseases or injuries of human beings; or shall suggest, recommend or prescribe any form of treatment for the palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or shall maintain an office for the reception, examination and treatment of diseased or injured human beings; or shall attach the title M. surgeon, doctor, or any other word or abbreviation to his name indicative that he is engaged in this State in the treatment of diseased or injured human beings; and shall not in any of these cases, theretofore have received, or shall not in any of these cases, then possess, in full force and virtue, a valid license to practice medicine under the laws of this State, he shall be deemed to be practicing medicine without complying with the provisions of this act and in violation hereof. Nothing in this act shall be construed to prohibit gratuitous services in case of emergency, nor the practice of the religious tenets or general beliefs of any church whatsoever, not prescribing medicine or administering drugs, nor shall it apply to commissioned surgeons of the United States army, navy, or public health and marine hospital service, while so engaged, nor to regularly licensed physicians called from other states or territories to attend specific cases in this State, nor the practice of dentistry, nor the practice of osteopathy when not prescribing medicine, or administering drugs.

Sec. 12. Any person practicing medicine in this State, without complying with the provisions of this act, or any person who shall have violated the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than fifty dollars ($50.00), nor more than three hundred dollars ($300.00), or by imprisonment in the county jail for not less than ten (10) days nor more than thirty (30) days, or both. Any person presenting or attempting to file as his own, the diploma or certificate or credentials of another, or who shall give either false or forged evidence of any kind to the State Board of Medical Examiners, or any member thereof, in connection with an application for a license to practice medicine, or who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be deemed guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the State Penitentiary for a term of not less than one (1) year, nor more than ten (10) years, at hard labor.

Sec. 13. All fees received by the State Board of Medical Examiners and all fines collected by any officer of the law under this act, shall be paid to the secretary-treasurer of said board, who shall, at the end of each and every month, deposit the same with the State Treasurer, and the said State Treasurer shall place said money so received in a special fund to be known as the fund of the State Board of Medical Examiners, and shall pay the same out on warrants drawn by the Auditor of the State therefor, upon vouchers issued and signed by the president and secretary-treasurer of said board. Said moneys so received and placed in said fund may be used by the State Board of Medical Examiners in defraying their expenses in carrying out the provisions of this act. At the end of every biennial period, if there shall remain in said fund any balance, said balance shall be transferred to the general revenue fund of the State. The secretary-treasurer of said board shall keep a true and accurate account of all funds received and all vouchers issued by the board; and on the first day of December of each year he shall file with the Governor of the State a report of all receipts and disbursements for said board for the preceding fiscal year. Members of said board shall receive a per diem for the time during which they shall be actually engaged in the discharge of their duties; and the secretary-treasurer shall receive a salary; said per diem and salary shall be fixed by the board, and together with other expenses shall be paid out of the fund of the State Board of Medical Examiners.

Sec. 14. The State Board of Medical Examiners shall meet as a board of medical examiners in the city of Denver, on the first Tuesday of January, April, July, and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Sec. 15. Justices of the peace and all courts of record in the State of Colorado shall have full jurisdiction over and power to enforce the provisions of this act.

SUNLIGHT SANATORIUM

For the Care and Treatment of Tuberculosis.

Building and furnishings new, modern. Airy rooms. Wide halls. Out-door sleeping the year round. Free from city smoke. Fine view of 150 miles of snowy range. The air comes dry, cool, crisp and invigorating from the adjoining Mountains. Diet adapted to individual cases which is impossible in a large institution. **Actinic Sunlight Baths** daily. Colorado has become world famous for her blue skies, cool summers and mild winters. Modern methods of treatment employed. Physicians referring patients may expect every professional courtesy. Terms reasonable. Circulars sent upon application . . .

E. P. FLINT,
Manager.

Dr. M. W. PAGE,
Medical Director.

WOODCROFT.

WOODCROFT,

A Modern Hospital for the Treatment of Mental and Nervous Diseases and Acquired Habits.

PUEBLO, COLORADO.

Founded in 1896.

Number of Patients Admitted During its First Nine Years, 1,128.

Its grounds embrace sixty acres. Ten acres of shade, forest and fruit trees, ornamental shrubbery, walks and drives.

The buildings were designed and constructed for the purpose for which they are used, and front toward the main range of the Rocky Mountains, which is in plain view from Pike's Peak, fifty miles north, to the Spanish Peaks, one hundred miles south.

The hospital has two functions. The rational treatment of acute cases and the home care of those who have passed the point where recovery may be reasonably expected.

HUBERT WORK, M. D., Founder and Superintendent,
PUEBLO, COLORADO.

WOODCROFT SCHOOL

FOR

Feeble Minded Children,

PUEBLO, - - - - COLORADO

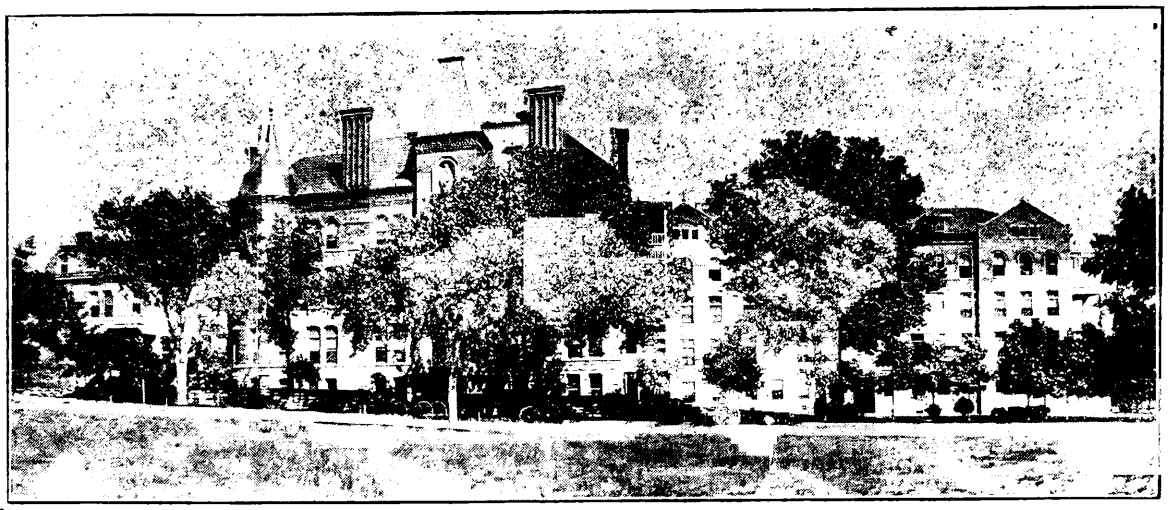
Founded in 1900 and Operated in Connection with the Hospital, but in Detached Buildings.

The educational methods are those generally employed by schools for Mental Defectives.

The Common School branches, Manual Work, Domestic Science, Physical Culture, Kindergarten Exercises, Piano and Vocal Music, etc., are taught.

The patronage from this School has been derived from Colorado, New Mexico, Wyoming, Nevada and Illinois.

HUBERT WORK, M. D., Superintendent.



St. Mary's Hospital

PUEBLO, COLORADO.

EQUIPPED with all modern improvements. Opened to patients of all creeds, and to all of the medical profession. All diseases are treated. Special attention is given to baths, including Electrical, Thermal, Alternating, Shower and Sitz.

ELMCROFT was established in 1890 for the care and treatment of persons suffering from Nervous and Mental Diseases.

The Sanatorium is situated in the beautiful old New England town of Enfield, Conn., with its wide elm-shaded street and extended views of the Connecticut river and valley. The town is situated on the N. Y., N. H. & H. R. R., a direct route between New York and Boston, and between the cities of Hartford and Springfield. The electric railroad connecting these two cities passes the Sanatorium grounds. The houses are attractive and of modern design. They are heated by steam, lighted by electricity, have open fireplaces and, are finished in hard wood. Fifty acres of shady lawns, orchards, meadow and wood land surround the buildings and make it an ideal resting place for nervous invalids who demand beauty of surroundings as well as quiet and retirement. All appearance of an institution or hospital, so distasteful to the refined and sensitive invalid, is here carefully avoided. The number of patients is limited to fifteen.

CONNECTICUT.

CAPITAL, HARTFORD

Population of State, 908,355.
(U. S. Census of 1900.)
Number of Physicians, 1,494.

Connecticut, one of the original thirteen states, extends from 41 degrees to 42 degrees 2¾ minutes N. latitude, and from 70 degrees 55 minutes to 73 degrees 50 minutes W. longitude, and is bounded on the north by Massachusetts, on the east by Rhode Island, on the west by New York, and on the south by Long Island Sound. It comprises an area of 4,730 square miles, or 3,027,200 acres.

The climate is marked by great extremes and sudden changes; the winters are cold, the summers very warm. The district bordering on the sound is the hottest and the northwestern portion the coldest. The mean annual temperature, as observed at the capital, is about 50 degrees, and the rainfall varies from 41 to 47 inches, according to the place of observation.

The following table shows the increase in population for 100 years:

1800	251,002	1860	460,187
1810	261,942	1870	537,454
1820	275,148	1880	662,700
1830	297,675	1890	746,258
1840	309,978	1900	908,355
1850	370,792

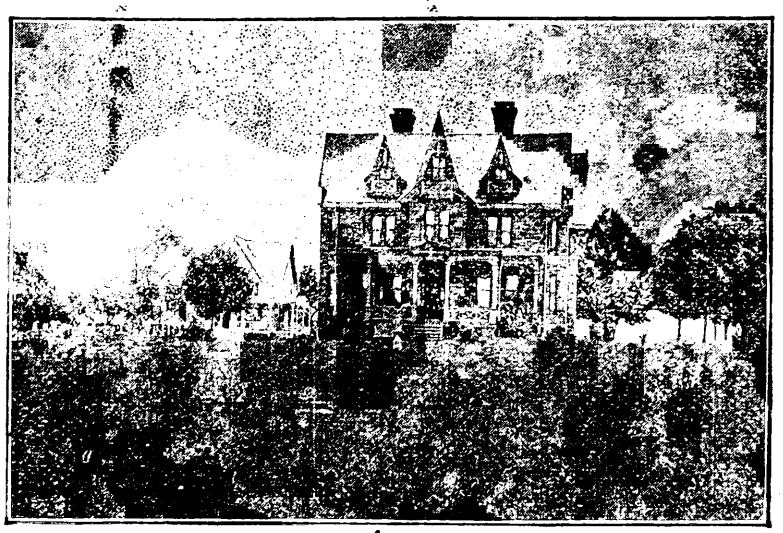
STAMFORD, CONNECTICUT.
(DULY INCORPORATED BY THE LEGISLATURE OF CONNECTICUT.)

50 MINUTES FROM GRAND CENTRAL STATION, NEW YORK CITY.

A PRIVATE SANATARIUM FOR MENTAL AND NERVOUS DISEASES.



DR. BARNES' SANATARIUM

The buildings are modern, situated in spacious and attractive grounds, commanding superb views of Long Island Sound, and surrounding hill country. The institution is conducted on a liberal scale, and the accommodations, table, attendance, nursing, and all appointments are suited to first-class patients. The purpose of the institution is to continue home life under proper medical care and the guidance needed in each individual case.

The department for Alcoholics and Narcotics is well equipped, separate and detached.

By applying to the managers the patient may be committed for a year, if so desired. Both voluntary and committed cases received.

THE CONNECTICUT MEDICAL PRACTICE ACT AS IT STANDS AT PRESENT—WITH AMENDMENTS.

Section 4714. Who May Practice Medicine, Surgery, or Midwifery.—No person shall, for compensation, gain or reward, received or expected, treat, operate, or prescribe for any injury, deformity, ailment, or disease, actual or imaginary, of another person, nor practice surgery or midwifery, until he has obtained such a certificate of registration as is in Section 4715 provided, and then only in the kind or branch of practice stated in said certificate; but this chapter shall not apply to dentists while practicing dentistry only; nor to any person in the employ of the United States government while acting in the scope of his employment; nor to any person who shall furnish medical or surgical assistance in cases of sudden emergency; nor to any person residing out of this State who shall be employed to come into the State to assist or consult with any physician or surgeon who has been registered in conformity with the provisions of this chapter; nor to any physician or surgeon then actually residing out of this State who shall be employed to come into this State to treat, operate, or prescribe for any injury, deformity, ailment, or disease from which any person is suffering at the time when such non-resident physician or surgeon is so employed; nor to any actual resident of this State recommending by advertisement or otherwise the use of proprietary remedies sold under trade-marks issued by the United States government, in so far and to such extent only as the use of such remedies are concerned; nor to any chiropodist or clairvoyant who does not use in his practice any drugs, medicines, or poison; nor to any person practicing the massage method, or Swedish movement cure, sun cure, mind cure, magnetic healing, or Christian science: nor to any other person who does not use or prescribe in his treatment of mankind drugs, poisons, medicines, chemicals, or nostrums.

Sec. 4715. Requirements for Obtaining Certificate of Registration.—No person shall obtain a certificate of registration as in Section 4714 required until he has passed a satisfactory examination before one of the examining committees appointed for the purpose by the State Board of Health, nor until he has filed with said board duplicate certificates signed by a majority of said examining committee, stating that they have found him qualified to practice either medicine, surgery, or midwifery, nor until he has filed with said board duplicate statements subscribed and sworn to by him upon blanks furnished by said board, giving his name, age, place of birth, and present residence, stating of what medical college he is a graduate, and the date of such graduation, together with such other information as shall be required by said blanks. No person shall be eligible to said examination until he presents to the committee, by whom he is to be examined, satisfactory evidence that he has received a diploma from some legally incorporated medical college. Any person passing such examination and filing said certificates and statements shall

receive from said State Board of Health, upon payment of two dollars, a certificate of registration, which shall state that the person named has been found qualified to practice.

Sec. 4716. Nomination and Appointment of Members of Examining Committees.—The Connecticut Medical Society, the Connecticut Homeopathic Medical Society, and the Connecticut Eclectic Medical Society shall each annually in December file with the State Board of Health the name of one physician, practicing in this State, who shall have been recommended by such medical society as a person competent to serve upon one of the examining committees appointed by the State Board of Health, as specified in Chapter 158 of the Public Acts of 1893; and in case any vacancy occurs upon any of said examining committees, the president of the society of whose members said committee is composed shall nominate such a person to fill said vacancy. Annually in January the State Board of Health shall appoint one member of each of said committees, who shall have been nominated for such office as aforesaid, to serve five years; and said board shall in the same manner fill any vacacny occurring in any of said committees.

Sec. 4717. Examination Through Interpreter.—Every examining committee provided for in Section 4716 shall, when requested by an applicant for a certificate permitting said applicant to practice midwifery, if said applicant does not understand the English language, conduct the examination through an interpreter of the language which the applicant understands. Said interpreter shall be furnished and paid by the applicant, and shall give the committee conducting the examination satisfactory proof of his ability correctly to translate the language of the applicant into English. Whenever such applicant shall have satisfactorily passed an examination so conducted, a certificate of registration shall be issued as provided in Section 4715.

Sec. 4718. Examinations. Papers Recorded. Lists of Colleges.—The said examining committees shall hold examinations on the second Tuesdays of March, July, and November of each year, at such places as they may designate, and at such other times and places as they shall determine. Applicants for certificates to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosis, and therapeutics, including practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be filed with the State Board of Health. Each applicant shall choose by which of the three committees he shall be examined; but before taking such examination he shall pay to the committee the sum of fifteen dollars, provided, that the fee for examination in midwifery alone shall be ten dollars. An applicant, rejected by an examining committee, shall not be eligible to re-examination until after the expiration of twelve months. Upon the receipt of any duplicate statements as in Section 4715 provided, the State Board of Health shall transmit one of said duplicate statements, together with a duplicate of the certificate of registration in each case, to the town clerk of the town wherein the person so filing said statement resides; and in case such person does not reside in the State of Connecticut, the State Board of Health shall transmit said statement and certificate to the town clerk of the town in this State nearest to the place of residence of such person; and said town clerk shall record the same in a book to be provided for that purpose by the State Board of Health, and shall then return the same to the person who filed the same with the Board of Health; and said town clerk shall receive for such recording a fee of twenty-five cents, to be paid by the State Board of Health out of the amount so paid to it as aforesaid. The secretary of each of said medical societies shall file with the secretary of the State Board of Health a list of medical colleges or institutions recognized as legal and reputable by his society; or all of such secretaries may agree upon a single list; and such list or lists may be corrected as may be necessary.

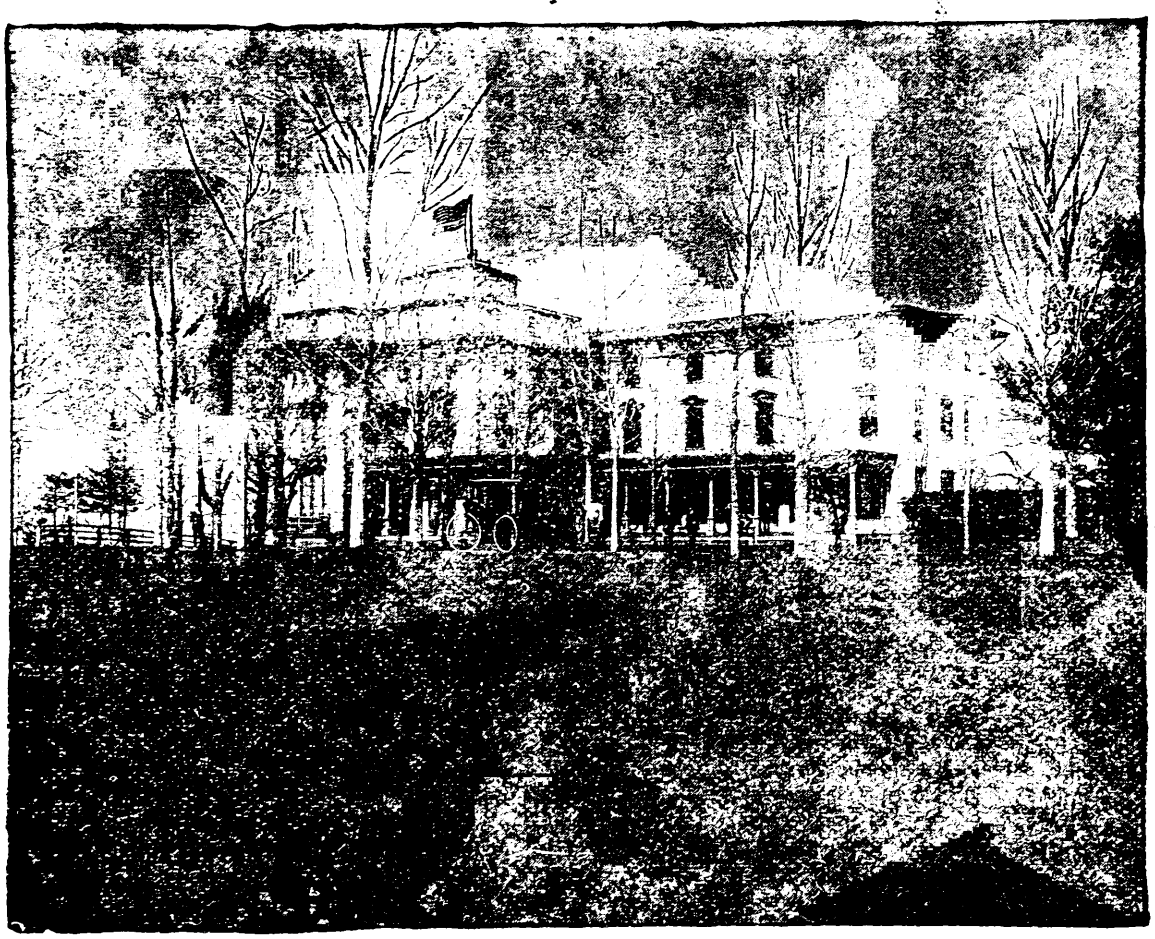
Sec. 4719. Exceptions; Prescription in English; Penalties; Clerk.—Nothing in this chapter shall be construed to repeal or affect any of the provisions of any private charter. The provisions of this chapter shall not apply to licensed pharmacists. All physicians or surgeons practicing under the provisions of this chapter shall, when requested, write a duplicate of their prescriptions in the English language. Every person who violates the requirements of this section regarding prescriptions shall be fined ten dollars for each offense. Every person violating any provision of Section 4714 shall be fined not less than one hundred dollars nor more than three hundred dollars for the first offense, and for each subsequent offense not less than two hundred nor more than five hundred dollars, or imprisoned in the county jail for not less than thirty nor more than ninety days, or both; the fine, when collected, shall be paid one-half to the person or corporation making the complaint, and the other half to the State Board of Health. Every person who shall swear to any falsehood in any statement required by Section 4715 to be filed with the State Board of Health shall be guilty of perjury. The State Board of Health may appoint a clerk, and fix his salary, to be paid only out of the fees and penalties received under the provisions of this chapter.

Sec. 4720. Revocation of Certificate.—The secretary of the State Board of Health, upon the written request of all the members of any one of the examining committees mentioned in Section 4716, may revoke and cancel the certificate of registration of any person convicted of any crime in the practice of his professional business, or convicted of a felony; but no one of the examining committees shall have the right to request the revocation and cancellation of a certificate granted upon the examination of any one of the other examining committees.

This law was amended in 1903 as follows:

WALNUT LODGE HOSPITAL

HARTFORD, CONN.



Organized in 1880 as a Private Hospital for the Special Cure and Treatment of Alcohol and Opium Inebriates. This institution is based on the modern view that ***Inebriety*** is a ***Disease***, and ***Curable***, and that the best results are obtained in the treatment of these cases in small hospitals, where each case can receive the individual care of the physician.

This Institution is finely situated on the outskirts of the city, and the rooms are all large, heated with steam, and lighted with gas and arranged for comfort, so that each one can have all the advantages of a large asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system, and includes

TURKISH, ROMAN, ELECTRICAL AND SALINE BATHS.

Experience shows that a large proportion of cases who come for treatment and earnestly use all the means provided, are permanently restored. Each case is treated individually, and the special care and restraint is adapted to the needs of each one. Only a limited number of cases are received, and every patient is under the direct, personal care of an attendant and the physician.

Applications for admission, and all letters of inquiry, should be addressed

AMENDMENT CONCERNING THE PRACTICE OF MEDICINE, SURGERY AND MIDWIFERY.

General Assembly, January Session, A. D. 1903.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 4715 of the general statutes is hereby amended to read as follows: No person shall obtain a certificate of registration as in Section 4714 required until he has passed a satisfactory examination before one of the examining committees appointed for the purpose by the State Board of Health, except as hereinafter provided, nor until he has filed with said board duplicate certificates signed by a majority of said examining committee, stating that they have found him qualified to practice either medicine, surgery, or midwifery, nor until he has filed with said board duplicate statements subscribed and sworn to by him upon blanks furnished by said board, giving his name, age, place of birth, and present residence, stating of what medical college he is a graduate, and the date of such graduation, together with such other information as shall be required by said blanks.

No person shall be eligible to said examination until he presents to the committee, by whom he is to be examined, satisfactory evidence that he has received a diploma from some legally incorporated medical college.

Any one of the examining committees appointed under the provisions of Section 4716 may accept the license of any State Board of Medical Examiners of any State in the United States or in the district of Columbia in lieu of said examination, provided the applicant shall present such license to the examining committee before whom he appears, together with satisfactory evidence that such license has been issued after a state examination of as high a grade and of the same kind as that required by said examining committee, that he is a resident of this State or that he intends in good faith to permanently reside herein, that he has been in actual practice for a period of at least six months in the year immediately preceding the date of his application, and that he is of good moral character and professional standing; and upon the payment to said committee of the sum of fifteen dollars he may receive a certificate of the approval of such license by said examining committee.

Any person passing such examination or obtaining such certificate of approval and filing said certificates and statements shall receive from said State Board of Health, upon payment of two dollars, a certificate of registration, which shall state that the person named has been found qualified so to practice.

Sec. 2. Section 4718 of the general statutes is hereby amended by striking out in the thirteenth and fourteenth lines thereof the following words: "An applicant, rejected by an examining committee, shall not be eligible to re-examination until after the expiration of twelve months" and inserting in lieu thereof the following: "An applicant rejected by an examining committee shall not be eligible to examination before either of the other examining committees until after the expiration of twelve months, but may be re-examined by the committee before whom he appeared, at any subsequent meeting of said committee."

Sec. 3. This act shall take effect from its passage.

Tenth Year—Dr. Brooks' Sanatorium, New Canaan, Conn.

FOR THE TREATMENT OF DISEASE OF THE LUNGS.

Please note that this Institution is not a Sanitarium for the care, but a Sanatorium for the modern and scientific treatment of diseases of the lungs. The strictest physiologic and systematic hygienic regimen is enjoined, under constant, painstaking medical supervision and efficient nursing. Aerotherapy, "Liege und Dauerluftkur," hydrotherapy, suralimentation and inhalation-therapy find here an exemplification in the truest acceptation of the terms. It is hardly necessary to state that every attention is paid to sanitation and prophylaxis. The institution is ideally located in a region of open country, long noted for its fresh, pure and invigorating atmosphere. For illustrated prospectus and further particulars, address,

DELAWARE.

CAPITAL, DOVER.

Population of State, 184,735.

(U. S. Census of 1900.)

Number of Physicians, 267.

Delaware is bounded on the north by Pennsylvania, on the west and south by Maryland, and on the east by the Atlantic ocean and the Delaware river and bay, and extends from 38 degrees 28 minutes, to 39 degrees 50 minutes N. latitude. It is one of the thirteen original States, and comprises an area of 2,120 square miles, or 1,356,800 acres. It occupies the northeastern portion of the peninsula which separates Delaware bay from Chesapeake bay, and which forms a plain of but little elevation above the sea level. Through the center of this peninsula extends from north to south a broad swell of the ground, somewhat higher than the sea coast, and covered with swampy tracts, from which the small streams issue. Delaware includes a portion of this higher ground and thus forms a plain gently inclining from the west to the shores of Delaware bay on the east. The climate is mild, the mean annual temperature being about 53 degrees.

The following table shows increase in population for 40 years:

1860	112,216	1880	146,608
1870	125,015	1890	168,493

MEDICAL LAWS OF DELAWARE.

An Act Regulating the Practice of Medicine and Surgery in this State.

Whereas, The safety of the public may be endangered by incompetent physicians and surgeons, and due regard for public health and the preservation of human life depends that none but competent and properly qualified physicians and surgeons shall be allowed to practice their profession, therefore,

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That there shall be established a Medical Council of Delaware, consisting of the chief justice of the State and of the presidents of the two State Boards of Medical Examiners provided for in this act.

Sec. 2. The said council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this State or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Sec. 3. The said council shall organize within ten days from the date of the organization of the two Boards of Medical Examiners, and shall elect from its own number a president and a secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Sec. 4. The members of said council shall receive, in addition to their necessary expenses, five dollars per day each for each meeting of the council, but said per diem shall not exceed in any one year more than fifteen dollars, the same to be paid out of the fees hereinafter provided for.

Sec. 5. The said medical council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper. It shall issue certificates for license to practice medicine and surgery to such applicants as have presented such diplomas as hereinafter required and successfully passed the examination hereinafter provided, and the said medical council shall have no powers, duties or functions except as provided for in this act.

Sec. 6. That from and after the passage of this act there shall be, and continue to be, two separate Boards of Medical Examiners for the State of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homœopathic Medical Society of Delaware State and Peninsula."

Each board shall consist of five members, and each of said number shall serve for a term of two years from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely: two of each board for one year, and three of each board for two years, from the first day of March, A. D. 1895.

The Governor shall appoint the members of said Board of Examiners, respectively, from the lists of members submitted by said medical societies residing in this State, which lists shall, within ten days from the passage of this act, and on or before the first day of every January thereafter, be transmitted to the Governor under the seal and signed by the secretary of the society so nominating.

From these lists of nominees, respectively, the Governor shall, within ten days after the receipt thereof, appoint two separate Boards of Medical Examiners, each board to be composed exclusively of members of the same medical society. In case of the failure of either of the said societies to submit lists as aforesaid, the Governor shall appoint members in good standing of the corresponding society entitled to nominate without other restrictions.

Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this State for a period of not less than five years prior to such appointment.

The Governor shall fill vacancies by death or otherwise for unexpired terms of said examiners from the lists submitted as aforesaid, and may remove any member of either of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said member may be in affiliation for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whose terms of office will expire on the first day of March of each year shall be made by the Governor during the first ten days of January of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate examining boards, each to be composed exclusively of members of the same medical society, as hereinbefore provided.

Sec. 7. Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the Secretary of State under his hand. Each of said Boards of Examiners shall make and adopt

all necessary rules, regulations and by-laws, not inconsistent with the laws of this State or of the United States, whereby to perform the duties and transact the business required under the provisions of this act.

Sec. 8. From the fees provided by this act the medical council shall pay, not to exceed said income, all proper expenses incurred by its provisions; and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned among said medical societies pro rata according to the number of candidates examined by each.

Sec. 9. The first meeting of each of the examining boards, respectively, shall be held on the first Tuesday of July, 1895. At such meeting of each of the boards, respectively, an organization shall be effected by the election from their own membership of a president and secretary, for the purpose of examining applicants for certificate for license. Each of said Boards of Medical Examiners shall hold two or more stated or special meetings in each year, due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either board shall constitute a quorum thereof, but the examination may be conducted by a committee duly authorized by said boards.

Sec. 10. Each Board of Medical Examiners, not less than one week prior to each examination, shall submit to the Medical Council of Delaware questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The medical council shall select the questions for such examinations from the lists of questions submitted by the Board of Medical Examiners of the candidate's election; and should there be candidates for examination of any other school than the two designated in this act, they shall be examined by the council and some reputable practitioner in this State of such school, by said council to be selected, upon questions selected from standard text books on the above subjects as taught by the school selected by the candidate.

Sec. 11. Said examinations shall be conducted in writing in accordance with the rules and regulations prescribed by the respective Boards of Medical Examiners, and shall embrace the subjects named in Section 10 of this act. After each examination the Board of Medical Examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the president, secretary and each acting member of said Board of Medical Examiners, stating the result of examination, shall be transmitted to the medical council.

Sec. 12. On receiving from either of said Boards of Medical Examiners such official report of the examination of any applicant for certificate for license, the medical council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination a certificate to that effect.

The medical council shall keep a record of all certificates, when and to whom issued.

Section 13. From and after the passage of this act any person not heretofore authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, shall deliver to the secretary of the medical council, upon the payment of a fee of ten ($10) dollars, a written application for examination, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has received a diploma conferring the degree of medicine from some legally-incorporated medical college. Applicants who have received their degree in medicine after the passage of this act must have pursued the study of medicine for at least four years, including three regular courses of lectures in different years, in some legally incorporated medical college or colleges prior to the granting of said diploma. Such proof, if required, shall be made upon affidavit. Upon making of said payment and proof, the medical council shall issue to said applicant an order for examination before such one of the State Boards of Medical Examiners as the applicant for certificate may select. In case of failure at any such examination the candidate, after the expiration of six months and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination said application shall be withdrawn the said ten ($10) dollars shall upon demand be returned.

Sec. 14. That from and after the passage of this act, it shall not be lawful for any person to practice medicine or surgery in this State without having obtained a license therefor as hereinafter provided.

Sec. 15. The clerk of the peace of any of the counties of this State shall issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice medicine and surgery in this State, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this act, or who shall have been qualified in one of the counties of this State prior to the passage of this act, and to no other person.

Sec. 16. The provisions of this act shall not apply to physicians who are practitioners of any other State coming into this State in consultation with any lawful practitioner of medicine and surgery in this State.

Sec. 17. Any person practicing or attempting to practice medicine or surgery within this State contrary to the provisions of this act, shall be guilty of a misdemeanor and upon conviction thereof in the Court of General Sessions of the Peace and Jail Delivery of the county wherein the offense was committed, shall pay a fine of not more than five hundred ($500.00) dollars nor less than one hundred ($100.00) dollars or be imprisoned for a term of not more than one year.

Sec. 18. That this act shall not in any way apply to dentists or to dental surgery.

Sec. 19. All other acts or parts of acts regulating the practice of medicine and surgery in this State are hereby repealed; but nothing herein contained shall in any way interfere with the operation of Chapter 117, Volume 13, Laws of Delaware, relating to revenue.

A SUPPLEMENT TO AN ACT ENTITLED "AN ACT REGULATING THE PRACTICE OF MEDICINE AND SURGERY IN THIS STATE," PASSED AT DOVER, APRIL 18, 1895.

Be it enacted by the Senate and House of Representatives of the State of Delaware, in General Assembly met:

Section 1. That the Medical Council of Delaware may refuse to issue a certificate for a license to practice medicine and surgery or may revoke a certificate issued for a license to practice medicine or surgery for the following causes, to wit: Chronic and persistent inebriety; the practice of criminal abortion; conviction of a crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic incurable diseases, or where any person shall present to the said medical council any diploma, license or certificate that shall have been illegally obtained or that shall have been signed or issued unlawfully or under fraudulent representation; in complaints for violating the provisions of this section the accused person shall be furnished with a copy of the complaint and given a hearing before the said medical council in person or by attorney.

Sec. 2. That applicants examined and licensed by or who are or have been members of State examining and licensing boards of other States upon the payment of fifty dollars to the treasurer of the Medical Council of Delaware, and on filing with the secretary of said medical council a copy of his or her license or certificate certified to by the affidavit of the president and secretary of such board, showing also that the standard of requirements of the said board at the time the said license or certificate was issued, was substantially the same as that required by the said Medical Council of Delaware, and of his or her affidavit as to the personality thereof, may be granted a certificate for a license to practice medicine and surgery by the said medical council, upon the recommendation of the said Boards of Medical Examiners without further examinations thereby.

Sec. 3. That the State Treasurer shall pay the sum of three hundred dollars per annum, in quarterly payments of seventy-five dollars each, to the treasurer of the Medical Council of Delaware, who shall apportion and pay the same to the members of the said boards for their necessary expenses, and in addition five dollars per day each for each member for every meeting attended, but said per diem shall not exceed in any one year more than twenty-five dollars.

THE SCHOOL OF MEDICINE
AND DENTAL DEPARTMENT OF
GEORGETOWN UNIVERSITY
IN THE CITY OF WASHINGTON.

The demands of modern medical education are such that the Faculty has found it necessary to extend the hours of instruction; the 56th session will begin, therefore, October 1, 1906, and continue throughout the day for eight months.

A large corps of teachers in proportion to the number of students makes instruction more directly personal and adapted to the special needs of the individual. The clinical facilities of the University Hospital and other City and Government Hospitals are ample, and the laboratories are well equipped.

Special attention is called to the educational advantages of the National Capital, with its unrivalled libraries, the Army Medical Museum, the Museum of Hygiene and the United States National Museum and the various scientific laboratories which are open to students.

FACULTY:

JOSEPH TABER JOHNSON, A. M., M. D., PH. D.
Professor of Gynæcology and Abdominal Surgery; Vice-President of the Faculty.

GEORGE M. KOBER, M. D.

CIRCULAR OF INFORMATION RELATIVE TO THE PRACTICE OF MEDICINE IN THE DISTRICT OF COLUMBIA.

1. No person can lawfully practice medicine in the District of Columbia unless licensed to do so by the Board of Medical Supervisors.

2. Licenses for this purpose may be issued either (a) after examination, or (b) upon the basis of licenses issued by states, territories, and insular possessions of the United States, and by foreign countries.

ISSUE OF LICENSES AFTER EXAMINATION.

3. Examinations are held quarterly, commencing on the second Thursdays in January, April, July, and October of each year. They continue usually about five days—that is, until the following Monday.

4. Applications must be made on forms furnished by the Board of Medical Supervisors. If the applicant is to be examined, his application must be filed with the secretary of the board at least two weeks prior to the day set for commencement of the examination which the applicant desires to enter.

5. A fee of ten dollars must accompany each application.

6. Only those who hold the degree of doctor of medicine are admitted to examination. Those who have received such degree before June 30, 1898, must have studied medicine not less than three years, and those who have received it after that date must have studied not less than four years, before graduation. A diploma conferring such degree must accompany each application.

7. The examination is both written and oral. It includes anatomy, physiology, chemistry, bacteriology, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and the ear, medical jurisprudence, and such other branches as may be from time to time determined by the Board of Medical Supervisors.

8. Copies of questions which have been used in previous examinations will not be furnished under any circumstances.

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in PHILADELPHIA.)

9. Persons failing in one examination are permitted to enter any subsequent examination but a new application must be filed, and a new fee, ten dollars, paid, each time.

ISSUE OF LICENSES BY VIRTUE OF RECIPROCITY.

10. Licenses may be issued without examination upon the basis of licenses issued by states, territories, and insular possessions of the United States, and by foreign countries, but only subject to the following conditions:

"(a.) No applicant shall be licensed who is not of good moral character and free from mental defects and drug habits liable to interfere with the proper practice of medicine and surgery;

"(b.) Nor who, at the time of making application, and for not less than two years prior to the date thereof, has not been lawfully authorized to practice medicine and surgery, and actually engaged in such practice, in the jurisdiction wherein he resides;

"(c.) Nor unless the applicant acquired the right to practice medicine and surgery in such jurisdiction under conditions equivalent to those with which he would have had to comply in order then to have practiced medicine and surgery in the District of Columbia;

"(d.) Nor unless the jurisdiction, by virtue of whose license the applicant seeks exemption from examination in the District of Columbia, grants to licentiates of the Board of Medical Supervisors of said district privileges equivalent to those which the applicant seeks;

"(e.) Nor until the applicant has paid to the Board of Medical Supervisors aforesaid such fee as may be fixed and required by the regulations of said board, but not more than the fee charged under similar circumstances by the jurisdiction by virtue of whose license the applicant seeks exemption from examination."

11. In order to ascertain whether the jurisdiction by virtue of whose license a prospective applicant purposes seeking exemption from examination in the District of Columbia complies with the requirements of paragraph "d," supra, the applicant should apply directly to the proper authorities of said jurisdiction; the Board of Medical Supervisors cannot undertake to advise an applicant as to the law or practice followed in any jurisdiction other than the District of Columbia.

12. All communications relative to licenses to practice medicine in the District of Columbia should be addressed to "The Board of Medical Supervisors, Washington, D. C."

FLORIDA.

CAPITAL, TALLAHASSEE.

Population of State, 528,542.
(U. S. Census of 1900.)
Number of Physicians, 786.

Florida is the extreme southeastern state of the Union, and is bounded on the north by Alabama and Georgia, east by the Atlantic ocean and south and west by the gulf of Mexico and Alabama. It includes the peninsula of Florida, which extends from its northern boundary 350 miles in a southeasterly direction between the Atlantic and gulf and west Florida, a narrow region extending along the gulf to the Perdido river. The peninsula has a nearly uniform width of a little more than 100 miles and extends from 25 degrees to 30 degrees north latitude. The climate of Florida approximates to that of the intertropical regions generally. The average summer temperature is 80 degrees, the winter 65 degrees, rising at Key West to 70 degrees. Along the coast the heat is tempered by the sea breezes, and the winters are so genial that the state has long been the resort of thousands desiring to escape the rigors of the northern winter. The most handsomely appointed winter resort hotels in the world are located here. The annual rainfall averages 55

inches. Three-fourths of this falls between April and October, which is the rainy season. The surface of the state is generally level, slightly undulating, no part rising to an elevation of more than 250 feet above the sea level. The southern portion is generally level and swampy, a great portion of which is broken by the Everglades, a vast swampy field of coarse grass and aquatic plants lying south of Lake Okechobee. The Atlantic and gulf coasts are covered by forests of cypress, live oak and cedar on the lowlands and pine on the sand ridges. That portion lying north of latitude 28 degrees is generally undulating

Florida comprises an area of 59,268 square miles, or 37,931,520 acres.

The following table shows increase in population for 50 years:

1850	87,455	1880	269,493
1860	140,424	1890	391,422
1870	187,748	1900	528,542

Florida is famous for the number, size and variety of its mineral springs.

There were 9,610 births, 6,493 marriages, and 5,949 deaths in Florida during 1900. The population of the state is 528,542, which gives a birth rate of 17.99 and a death rate of 11.24 per 1,000.

MEDICAL LAWS OF FLORIDA.

Law effective May 31st, 1889, and Sections 801, 802, 805 and 810 as amended by the Legislature of 1905, and approved by the Governor, May 15th, 1905.

Be it enacted by the Legislature of the State of Florida:

Section 1. That Section 801 of the Revised Statutes of the State of Florida, be amended so as to read as follows:

801. Appointment of Medical Examiners.—The Governor shall appoint a state board of medical examiners, and also a state board of homeopathic medical examiners.

Sec. 2. That Section 802 of the Revised Statutes of the State of Florida be amended so as to read as follows:

802. Qualifications of Examiners.—The state board of medical examiners shall be composed of seven regular, practicing physicians, who have been duly licensed to practice in this State; no two members shall be residents of the same judicial circuit. The board of homeopathic examiners shall be composed of three practicing homeopathic physicians, who are graduates in good standing of some medical college, recognized by the American Institute of Homeopathy.

Sec. 803. Terms of Office.—The appointment of each member of each of said boards shall continue for four years from the date of such appointment. Whenever a vacancy shall occur on any of said boards, the same shall be filled by the Governor for the unexpired term.

804. To Elect President and Secretary and Make Rules.—Every board shall elect one of their number president, and one secretary, and shall adopt all necessary rules for the guidance and control of their meetings.

Sec. 3. That Section 805 of the Revised Statutes of the State of Florida be amended so as to read as follows:

805. Regular Meetings.—Each board shall meet regularly, semi-annually, at some central and convenient point in the State to conduct examinations, and grant licenses, as herein provided, and they shall give at least one month's public notice

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in PHILADELPHIA.)

of their meeting by publication once a week in a newspaper of general circulation throughout the State.

806. Examinations.—It shall be the duty of said board of examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his medical diploma from a recognized college upon the following named subjects: Anatomy, physiology, surgery, gynecology, therapeutics, obstetrics, and chemistry, but no preference shall be given to any school of medicine. Provided, That it shall be the duty of the board of homeopathic medical examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his diploma from a college recognized by the American Institute of Homeopathy, upon the following subjects: Anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry, and no preference shall be given to any school of medicine. (As amended by Chapter 4119, Acts of 1895.)

807. When the board shall be satisfied as to the qualifications of an applicant, they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted, to practice medicine in any county when the same shall have been recorded as required by Section 809.

808. Two May Grant Certificates.—Temporary Certificates.—Any two members of said board may grant a certificate of qualification to an applicant; and any member of said board shall have authority to grant a temporary certificate to an applicant, upon examination, until the next regular meeting of the board, at which time the temporary certificate shall cease to be of force.

809. Record of Certificate.—The certificate provided for in the two preceding sections shall, before the person to whom it is granted shall be entitled to practice by virtue thereof, be recorded in the office of the clerk of the circuit court in the county in which such practitioner may reside or sojourn, in a well bound book to be kept by clerk for that purpose, and when so recorded the clerk shall certify thereon under his official seal the fact and date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled for such service to collect from the holder of such certificate the legal fee for recording.

Sec. 4. That Section 810 of the Revised Statutes of the State of Florida, be amended so as to read as follows:

810. Examination Fee.—The board shall be entitled to demand and receive from each applicant examined the sum of fifteen dollars, whether a certificate be granted to such applicant or not.

811. Certificates to Former Practitioners.—All practitioners who have been engaged in the practice of medicine, in any of its departments, in this State, prior to May 31st, 1889, shall, upon the production of a diploma from a medical college recognized by the American Medical Association, be granted by the board of examiners a certificate of qualification, without further examination and without charge.

812. Provisions not to Apply to Certain Persons.—The provisions of this chapter shall not apply to persons who have heretofore received certificates of qualification and have recorded the same as provided by the laws of this State heretofore existing, nor to females who follow the practice of midwifery strictly as such. No person, except those described in this section, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized board of medical examiners as hereinbefore provided.

GEORGIA.

CAPITAL, ATLANTA.

Population of State, 2,216,331.
(U. S. Census of 1900.)
Number of Physicians, 2,855.

Named in honor of George II. of England, and one of the original thirteen states, extends from 30 degrees 21 minutes 40 seconds to 35 degrees north latitude and from 80 degrees 52 minutes to 85 degrees 35 minutes 38 seconds west longitude, and is bounded on the north by Tennessee and North Carolina, on the east by South Carolina and the Atlantic Ocean, on the south by Florida and on the west by Alabama and Florida. The population of the state, according to U. S. census of 1900, is 2,216,331, as against 1,837,353 in 1890, representing an increase since 1890 of 378,978, or 20.6 per cent.

The following table shows the increase in population since 1830:

1830.....	516,823	1870.....	1,184,109
1840.....	691,392	1880.....	1,542,180
1850.....	906,185	1890.....	1,837,353
1860.....	1,057,286	1900.....	2,216,331

The total land surface of Georgia is, approximately, 58,980 square miles, the average number of persons to the square mile at the census of 1890 and 1900 being as follows: 1890, 31.1; 1900, 37.5. Its maximum length from north to south is 320 miles and its breadth 254 miles, with 128 miles of coast line indented by numerous sounds and inlets, which separate a series of low, sandy islands from the mainland. The surface of the state presents a diversity of aspects from the low sandy beach, broad swamps and marshes, level plains covered with pine to gently undulating hills and lofty mountains. There is a decided contrast in temperature between the northern and southern portions of the state, due to the difference in height above the sea and the latitude. At Atlanta the mean annual temperature is 58.36 degrees and at Savannah 67.8 degrees. Agriculture is the most important branch of industry, while Georgia leads the Southern States in manufacturing, having valuable water power and important interests in the manufacture of textile stuffs, lumber, flour and in the smelting and manufacturing of iron.

There are a number of mineral springs in the state.
